ELECTRICAL, PLUMBING & AIR CONDITIONING

Fallon Services has provided a wide range of trade services to the people of South East Queensland since 1962. We employ 100 staff and have over 50 service vehicles on the road.

Over the last 48 years we have gained an enviable reputation for quality workmanship, timely service and competitive rates. The hallmark of a successful customer service business is customer satisfaction and it is true to say that the majority of our work is completed for repeat customers.

All of our trade staff are fully qualified and licenced in their particular field of expertise. Staff undergo ongoing trade specific training to ensure they are up to date with the latest trends in the market place. All of our services are guaranteed.

'Winner 2005 Electrical Apprentice of The Year'

Our office is open 7:00am to 5:30pm Monday to Friday and 7:00am to 12:00pm Saturdays for your convenience. We also offer a 24 hour service for emergency requirements.

Please call us now for a solution to any of the following trade service requirements.

## Electrical Services

Fallon Services provide the full range of installation and repair services for your home, office and factory from Caboolture to Tweed Heads and everywhere in between. No job is too small or too large.

## Air Conditioning

## Residential

Fallon Services provide the full range of air conditioning services including sales, service and installation of most types of domestic, commercial, industrial and government customers across South East Queensland. Brands include Daikin, LG, Mitsubishi, Panasonic and many other. We offer free quotes on ducted, split and multisplit systems. We are fully licensed, have many years of experience and are fully trained in the products we offer.

## Commercial

Fallon Services provide the full range of commercial air conditioning and mechanical services including integrated maintenance programs for buildings including control systems, chillers, pumps, ventilation systems, humidifiers and boilers. In addition to programmed maintenance we can provide urgent breakdown services and repairs and installation of all equipment. Our technicians have a broad range of expertise with all facets of Building Air Conditioning.

## Plumbing, Drainage & Gas Fitting

Fallon Services provide the full range of plumbing, drainage and gas fitting services for home, office and factory from Caboolture to Beenleigh and everywhere in between. Services also include jet rodding, electric eel, drain camera, backflow and thermostatic mixing valve testing.

## Hot Water

Our plumbers, gas fitters and electricians are trained in the sale, repair and installation of all gas, solar, heat pump and electric systems. If you want hot water call us 24 hours a day 7 days a week for fast service.

## Handyman Services

Fallon Services can help you with all of your maintenance needs under \$3,300 in value. Our handymen are experienced in a wide range of tasks including deck, fence, gate, door and wall repairs as well as carpentry, plumbing, tile, painting, concreting, paving and other small repair jobs around your home or business. Our team can also assist with installing new appliances, hanging pictures, assembling flat pack furniture or cabinets and installing new doors and fittings.

## Appliance Repairs

Fallon Services employ licensed appliance repair technicians and service the greater Brisbane area. Call us now for service today by a fully trained professional for all dishwasher, stove, range hood, washing machine, dryer, insinkerator, oven, hand dryer and cook top repairs. Most brands serviced.

## TV Reception & Antenna Services

Fallon Services employ licensed and fully trained professionals who can satisfy all of your TV reception and antenna requirements. We are also skilled in home theatre and surround sound setup and installation.

## Sports & Outdoor Lighting

Fallon Services is able to offer the full range of lighting solutions for all outdoor applications. We have offered "turnkey" sports lighting and outdoor lighting solutions for 40 years. No matter what the sport or level of competition, our lighting design engineers, utilising the latest software, will design the most cost effective and efficient lighting installation for your needs.
