

# DOUBLE LINES

## OUTSTANDING MOTOR REPAIRER

IT'S NOT hard to see why Seven Hills motor repairer Taurus Service Centre has become the name on everyone's lips when it comes to servicing your car.

Situated at the rear of Caltex Seven Hills, Taurus Service Centre has been the proud winner of the 2006 Blacktown Business Award, the 2007 Business Achiever Award for Outstanding Automotive Services, and again picked up the same award

this year.

Established in 2003 by Khalid Al-Ali, Taurus Service Centre carries out its work with integrity and pride, and offers a fair pricing structure, and prompt attention, making for an all round hassle free motoring service experience.

Their range of services includes a host of standard servicing, including manufacturers log book servicing, along with all types of mechanical

repairs, right through to an engine rebuild.

In addition, they are MTA approved, and are members of the Automotive Mechanical Engineers Association, which means you do not have to go to a car dealer to maintain your new or used car warranty, as Taurus Service Centre can carry out those services for you.

They even carry out full vehicle registration checks, and are an

authorised e-safety centre. A range of electronic vehicle servicing is also available and Taurus Service Centre can look after your electronic fuel systems, and engine management systems as well.

Taurus Service Centre is located at the rear of Caltex Seven Hills, cnr Powers and Station Rd, Seven Hills. Contact Khalid on 9838 9366, or simply call in at your convenience.
