

Our History

Barry Richter established this Cabinetmaking business at 76 Watson Street in 1962 as Richters Furnishing and Aluminium, with a staff of 4 tradespersons and 1 apprentice.

In 2004, Kent Hassam purchased Richters Kitchen & Glass. It continues to grow at a rate of 10% per annum, and employs on average a workforce of 14 employees. Richters Joinery has been serving the Queensland building industry for 45 years.

Our history indicates that we are very experienced in supplying a product that meets specifications with the highest degree of quality.

Profile

Richters Kitchen & Glass specialises in the procurement, manufacture and installation of custom-made products to the domestic, commercial and industrial market places.

Our business has two distinct areas of capability, being the Aluminium Joinery

and Cabinet Making divisions, with an overarching management structure focused on client care and project management.

Great care and emphasis is given to delivering a high standard of reliability, service and quality, our prime objective being to competitively manufacture to our customers' needs and requirements, whilst maintaining the specifications and associated quality standards.

Our Products

Kitchens and Bathrooms

At Richters Kitchen & Glass Cabinet Making division, our team of experts are geared towards giving your clients the best before and after sales service, from assisting with design layout and colour selections to co-ordinating with builders and trades people for your project.

We are proud to be a member of The Housing Industry Association (HIA) and have been winners of many Kitchen & Bathroom Awards as well as being associated with several Housing Awards. We have recently been the winner of Master Builder National Alterations, additions, renovations Award 2010 for our Vantage Windows.

The Glass House

We specialise in custom built vanities with an emphasis on client requirements.

Our tradesmen will assist your clients with their choice of design and colour and manufacture components which are suited to the individuals' style and allocated budget. This may range from basic vanities through to a more exclusive style

Within the Aluminium Joinery division we also specialise in Shower and Bath screens that are custom built to the client's requirements with a multitude of panels being available in a variety of coloured glass, design, framed, frameless or semi-frameless.

Windows & Doors

Richters Kitchen & Glass are proud to be associated with Vantage and Viridian (formerly Pilkington) products and as such guarantee quality products for all your housing requirements. Our window range includes;

- Sliding windows
- Casement windows
- Awning windows

- Hopper windows
- Double hung windows
- Louvre window systems
- Bifold windows
- French windows

Our range of doors and security include:

- Sliding doors
- Hinged doors
- Stacker doors or Bifold doors

- Top / Bottom Hung Bifold Doors (with screening system option)
- Security screens and doors
- Stainless steel security mesh (we use the Panther Protect product)
