This is your Say

To Whom It May Concern:

Synergy Business Centres has been of great assistance to Life Style Logic in the past number of months, we are a direct marketing company with an excessive call ratio and that is where Synergy shines as a back up and call handling centre. They protect our business by insuring all our calls are answered and dealt with in a professional manner. I would like to take this opportunity to thank Daniela Kules for her help of setting up our office, secondly Anna for her reception/secretary role and lastly John for a great location, well done Synergy.

Yours faithfully, Andrew Fennell

Life Style Logic

To Whom It May Concern:

I have been a tenant at Synergy Business Centres for 18 months and have found the offices, amenities and common areas are clean and well presented. Staff are professional, courteous and attentive to the needs of my business. I would highly recommend all small business owners consider taking on a serviced office with Synergy business centres as I have done so and I would never look back. My business is booming and I never realised how much support was available to me and my business until I was introduced to Synergy Business Centres.

Yours faithfully, Chris Hajos

Fresh Direct Imports,

Dear Business Assistant

We have had an office with Synergy Business Centres for over 12 months now. Synergy has provided us with professional services that have helped our company grow. Their exceptional support and reasonable rate have assisted in our considerable growth. Having access to their reception services has helped us keep our overheads down during this time. We highly recommend Synergy Business Centres for small businesses that are looking to grow.

Sincerely, Andrew Constantinou
