

How to choose the best cleaner for you!

Several factors come into play when choosing someone to come into your home or business to perform service. Here are the things you should look for:

A Company with and Training Experience: The professional carpet cleaning trade has made large advances in recent years as it pertains to training. Ask about the training courses and certifications acquired by the personnel.

Courteous and Professional: The person who represents the company on the phone should be able to address your needs and answer questions professionally and courteously. The Technician who performs the work should also be knowledgeable and professional in looks and manner.

Pre-inspection: Previous to the job or immediately prior to beginning work, the technician should thoroughly inspect the area where work is to be done. At this time they are looking for and discussing any potential problems or situations as they may pertain to stains, odour, wear, or the general condition and cleaning procedures.

References: If asked they should be willing to give you references. They should also belong to an organisation that can help them keep up on the latest technology and cleaning procedures. This would be the IICRC, SCRIA, The Advantage Group or perhaps another local or national association.

Pricing: Pricing should always be fair, both to the customer and the professional. Don't expect the low type of pricing you see in some coupon mailers. True professionals must consider many more details of safety and quality than with an untrained "cheap" competitor. The true professional will be able to demonstrate what excellent value really is.

Owner of McArdle's Carpet Cleaning

/

Central Coast Manager

Heavy Stains and odours we can remove: -

Only if you call us first!

Spilt your coffee on your carpet or lounge? Run to the super market and grab an 'off the shelf carpet cleaner?' Or maybe Google 'how to remove coffee from your carpet?'

Let me tell you it is not:

50/50 mix of water and white vinegar and spot with a cloth.
(YOU HAVE THE POSSABLITY OF SETTING THE STAIN IN!)

- Coffee, Tea, Milk Products
- White & Red Wine
- Tar, Grease
- Blood, Urine & Pet Stains
- Alcohol – Rum, Bourbon, etc.
- Brown water Stains
- Rust Stains
- Chewing Gum, BluTac
- Make-up, Nail Polish, etc.
- Ink
- Crayon, Candle wax
- Cooking Oil
- Most Food Products (orange and red dye coloured Products are the hardest to remove)
- Most Drink Products (orange and red dye coloured Products are the hardest to remove)
- & more!

We have trouble removing stains from your carpet if you have tried yourself.

McArdle's Carpet Cleaning & Services believes in maintaining and improving the satisfaction of our clients by training all our technicians with the highest standards, courses and product knowledge with the help of **IICRC, Clean Trust, HydroMaster, Bridgepoint & Carpet Cleaners Warehouse.**

Martin has helped the local community get back on their feet with his experience and training in Water and Fire Damage Restoration since 1996. In 2008, Martin's son Luke was employed, and since then Luke has expanded the growth of the business. McArdle's Carpet Cleaning & Services are now servicing the Central Coast region with Darren Fenwick as the operator on the **Central Coast.**

Information of Services

Carpet cleaning

We use the industry's most modern cleaning systems, equipment and solutions. This technology equals:

- Steam extraction carpet cleaning
- Commercial & domestic cleaning
- Oriental rug & mat cleaning
- Regular/vacant/end of lease cleaning

Get spotless carpets in Orange & Central Coast with McArdle's Carpet Cleaning & Services every time.

Upholstery Cleaning

Every fabric cleaning job is different. The services we offer include:

- Upholstery cleaning
- Odour control
- Leather cleaning

- Fabric protection (carpet & upholstery)

McArdle's Carpet Cleaning & Services' tried and tested approach to fabric cleaning in **Orange & Central Coast**, is simply good maintenance. We offer excellent advice and service every time.

Tiles and grout

Tiles are notorious dirt and grime collectors, hiding places for mould and worse. Like carpets, your tiles hold airborne grime and odours. We offer:

- Deeper grout cleaning
- Embedded stains and odours removed

A Superior Clean With Superior Service.

When you get your carpets, upholstery, tiles or hard surfaces professional cleaned, you want them to be the cleanest they could possibly be? At McArdles we have over a decade of experience in getting our clients the best results. Starting as a small family business we've been able to listen carefully to our customers' requirements and optimise our cleaning systems to meet the most stringent demands. Being a progressive agile business we've adopted the latest technologies and innovations to offer you a superior clean with superior service.

Better equipped for a Fresher clean and less intrusion on your lifestyle

Our high powered van mounted cleaning unit means we can clean better and faster. After carefully inspecting, assessing and pre treating the surfaces to be cleaned. Our technicians use up to 1200psi of pressurised water, super heated up to 120 degrees Celsius through their power cleaning wand's to penetrate deeply into carpet separating the fibres, unlocking the dirt, grime, dust mites and any other nasties that may be lurking deep in your carpet. All that mess is efficiently extracted from your carpet, where it's trapped in our truck mounted waste water tanks, for latter safe offsite disposal. Our cleaning system is effective and also very fast, so we'll be out of your way as soon as quickly as possible. Our high pressure and high heat systems kill and unlock more germs and dust mites making your home cleaner, safer and fresher for allergy sufferers.

Kind and Courteous Service

Call us old fashioned, but we reckon it doesn't cost anything extra to be courteous and polite. We understand that having strangers in your home or business can sometimes feel a little intrusive. Our aim is to be as professional and courteous as possible, so that we become a valued member of your team, not an intrusive stranger.

Locations and Areas Serviced

Our Orange branch services Orange, Molong, Blayney, Milthorpe, Carcoar Canowindra and Surrounding areas.

Central Coast

Our Central Coast team service Gosford, Bateau Bay, Terrigal, Avoca Beach, Erina, Woy Woy, The Entrance, Tumbi Umbi, Norah Head, Budgewoi, Wyong and surrounding areas.

Your Carpets and Surfaces are in Safe Hands

We won't damage your carpets, upholstery, leather or hard surfaces. Our advanced and well maintained equipment is fully pressure and heat adjustable to make sure your items leave our care better than when we started. Our PH neutral cleaners and biodegradable range of cleaning compounds ensure less chance of damage and limit irritation to occupants. But equipment is only half the story, we believe the skill and attitude of our operators is paramount in gaining the best and safest clean. Being a family based business we bring the greatest skill, attitude and care to every job, because, our reputation depends on it!

Before:

After:

Services:

Carpet Cleaning

- Upholstery cleaning
- Fabric Protection
- Tile and Grout Cleaning
- Leather Cleaning
- Pressure Washing
- Fabric Protection
- Pet Deodorising
- Mat and Rug Cleaning

Don't see an item on our services list? Just call us, our vans are packed with tools, tricks and attachments that will make just about any related cleaning job a piece of cake for our highly skilled technicians.

Less Time in your home equals less hassle for you

At McArdles we get the job done faster, we don't want you to rearrange your routine just for us, so we won't be in your space any longer than needed. Our high powered truck mount system affords us a number of ways to save time and hassles. 2 operators can work simultaneously in different rooms doubling the efficiency. Our advanced pressure regulation system means we can shift furniture or work around objects without running to the van to turn the machine off. Saving even more time.

Faster Drying Times

Due to less water use and higher temperatures of our Steam Extraction Carpet cleaning our drying times are far superior. So you can get back to life as usual much faster in fact our drying times are up to 50% faster.

Water Conservation

In the areas we operate, Orange NSW and The Central Coast of NSW, water conservation is an issue that comes up frequently. So we've developed systems that use 30% of the water of conventional carpet cleaning methods. If your house is on Tank water we are sure you'll appreciate our water saving capabilities even more.

Germs, Fungus and Dust mites Don't Stand a Chance

Our cleaning unit Utilise High temperature water up to 120 Degrees Celsius and pressures up to 1200psi (your car tyres have approximately 30psi) , to work deep into carpets, separating the fibres and neutralising harmful, bacteria, fungus, and dust mites.

Perfect for Delicate Items

With all this power available you might be thinking that our systems are only designed for heavy industrial carpets. The opposite is true, our advanced pressure and heat regulation systems, combined with the skill of our dedicated technicians means we can clean the most delicate of items to the highest standard. We have a full range of small dedicated cleaning heads optimised for lounges, small rugs and upholstered items. So you can have all the items in your home as clean as your carpets.
