Making your great memories last forever

If the precious moments of your family's lives are locked away and hidden in hours of videotape, we can ...

SAVE You Time and Reduce Stress - no need to wade through hours of video tape to find the special moments. Let us take care of your precious footage. We can archive it to DVD, or edit it first, to make your home movie a hit.

ELIMINATE BORING Home Videos! - be proud to share your memories with family and friends. Enjoy family video nights again and again with a DVD from Home Video Hits!

HELP CHOOSE the Package that's right for you - flexible to meet your needs and budget. You can find all the details and prices at www.homevideohits.com.au

CREATE the Perfect Gift - for proud grandparents - or a precious keepsake to cherish.

SAVE You Money - get friends to film your Wedding/Party/ Anything! We can combine and edit the tapes and photos from all your friends onto one DVD with music and titles. You get a fantastic record of your precious day and You Save!

The formats we process - VHS, Super VHS (S-VHS), DV, DV Cam or Video 8 tapes and all photos, negatives and digital photos. Arrangements can be made for film formats - call us to discuss.
