

NEW CAR LOG BOOK SERVICING

Being very aware that your new car is important to you, Garry's Mechanical is able to safely carry out all new car log book service work while maintaining your new car warranty. We only use quality parts from reputable suppliers. As a consumer, you have the right to have your new car serviced by whomever you choose, without that choice affecting the seller's statutory warranty obligations.

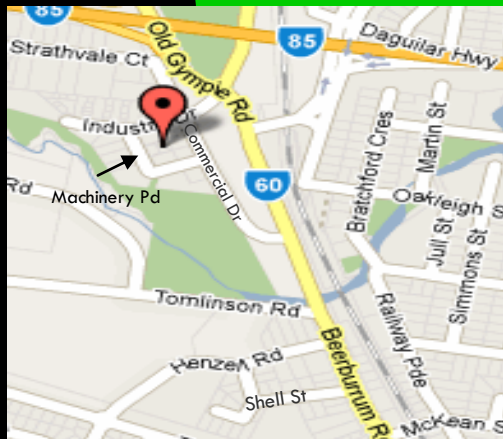

Garry's Mechanical Repairs works precisely to manufacturer's specifications for your new car servicing.

How well do you know your local mechanic?

Garry's Mechanical Repairs is a local business who has been servicing the Caboolture region since 1998. We pride ourselves on doing what is best for our customers whilst using quality parts and workmanship. Safety is our highest concern, so let us help keep you and your vehicle safe.

Our Technicians

We have a new generation of Auto Technicians who are highly trained & kept up to date with the new technology we are constantly being presented with. You benefit from over 50 years combined mechanical experience covering most makes and models, and they will always show you & your vehicle the respect you deserve.

VISION & MISSION

To earn the loyalty of present and future customers and to help members of our community stay safe on our roads by providing friendly service, delivering quality workmanship whilst using quality products & committing to make safety the highest concern.

A vision of

A continuous stream of devoted customers, being served by a dynamic, leading professional service team.

CULTURE

Fosters an atmosphere founded on Integrity and Mutual Respect that relies on employee Leadership, Communication, and Teamwork.

Provides our technicians the proper Tools and Training to enhance their Continuous Learning and Performance.

Empowers technicians to make effective decisions which drive Results.

Rewards technicians for Performance, Innovation, and Dedication.

Encourages Listening to our Customers and Suppliers and building long-term Partnerships.

Recognizes a Commitment to our business practices.

CULTURE OF CONFIDENCE

SERVICE WORK

With every service on your vehicle, along with the high quality engine oil & oil filter replacement, we also check all your fluid levels, that's gearbox, diff, radiator, power steering, clutch & brake.

It's important for your safety that we not only check the levels but also check the quality and specifically test your brake & coolant fluids quality.

Your vehicle also receives an electronic battery condition check, along with a 72point safety check.

You can rely on receiving honest advice and a written report of any further work that may be required.

Safety is our highest concern. So have your vehicle serviced here regularly, on time, and receive the benefit of all these tests & your full 72point safety check.

Because, keeping you and your vehicle safe on our roads is our top priority.
