Yakov Morris founded Natural Scents in 1992 in Melbourne before moving to Kuranda in 1994. He first became passionate about Aromatherapy after experiencing the effects of Grapefruit Essential Oil whilst in his brother's Aromatherapy Steam Tube.

It was while helping his brother at a Mind, Body and Spirit Festival that he met Ron Guba of Essential Therapeutics, a well-known and respected Natural Therapies company. After finding out that Ron was teaching an Aromatherapy Certificate Course Yakov quickly made the decision to attend.

After completing the course, which he loved, he quit his job at a Robotics and Automation company and went on to work with Ron for 2 years before making the journey north in his Coaster Bus with his partner. He sold essential oils and other natural products at markets along the way.

Somewhere around Bowen after going for a walk along a river, his partner was attacked by sand-flies and was very distressed with the terrible itching they caused. He immediately set about formulating a cream that would hopefully help soothe the discomfort. This original product became the now

well-known and respected Tropical Relief Soothing Cream, which he believes was Divinely Inspired.

This was the start of a new era that led to the formation of Natural Scents Australia Pty Ltd. Now after over 20 years the range of products has grown significantly.

We hope you enjoy our Natural Scents range as much as we love making them.
