# Personnel

Mastercomms loyalty to providing quality services to clients extends to ensuring our people are best equipped and competent in providing this outcome. We employ a range of skilled and experienced staff to assure a diverse workforce, and we are committed to providing employees with pathways that will further develop and improve their working knowledge and skills.

Mastercomms has had 7 years' experience working in remote communities throughout Central Australia and understands regulations and the cultural sensitivity. Through this experience we train our staff accordingly and strive to uphold professional relations with the local people in and around the communities.

Mastercomms strives to employ local aboriginal trade's assistants, whilst providing them with on and offsite training.

# Safety Commitment

Mastercomms recognises its moral and legal responsibility, in particular to the Work Health Act 1986 to provide a safe and healthy work environment for employees, contractors, customers and visitors. This commitment extends to ensuring the organisation's operations do not place the local community at risk of injury or illness.

Mastercomms is committed to:

- Provide safe equipment and systems of work.
- Ensuring compliance with legislative requirements and current industry standards
- Provide information, instruction, training and supervision to employees, contractors and customers to ensure their safety
- Reviewing OH & S procedures annually

## **RESPONSIBILITIES**

MasterComms recognises that management and staff share the overall responsibility to provide and maintain a safe workplace:

### Management responsibilities encompass:

- Providing and maintaining the workplace in a safe condition.
- Ensuring all OH & S policies and procedures are implemented.
- Actively promoting and being involved in those policies and procedures.
- Providing the resources to meet their OH & S commitment.

### Employees will ensure that they:

- Follow all policies and procedures.
- Report all potential and real hazards to their supervisor.
- Actively contribute to the establishment and maintenance of sound policies and practice.
