Bathroom Plumbing Sydney

Do You Have A Bathroom Plumbing Problem And Need A Plumber ASAP That You Can Trust?

Bathroom Plumbing

Are you looking for a plumber after having a bad experience with a previous tradesman? they didn't turn up on time? left a mess once they finished? so many other reasons. Lucky for you, you've come to the right place. We keep you informed throughout the entire process. You deal with the owner, Bill directly.

"I have been using The Plumbing Wizard for two years now for a variety of plumbing jobs.

Bill was one of three plumbers I contacted when needed for a small job. The second plumber never returned my call and the third plumber didn't think it was worth his while! Since then I have used Bill for larger jobs and happily referred him to my friends.

I find he keeps you informed on plans, costs and progress. Bill is great to deal with and very reliable. I highly recommend The Plumbing Wizard."
