A WEBSITE IS AN ESSENTIAL PART OF TODAYS BUSINESS ENVIROMENT.

A web presence showcases your business and products, impresses your customers and partners. A website will increase sales, increase public awareness and interest.

The website package with a small price tag comes with many corporate website features like website design, web pages and content management system (CMS). It will be built by our in-house experienced web designers.

DO YOU NEED MORE TIME TO DO THE THINGS YOU WANT TO DO?

The "Ready To Go" Website is a web solution we have developed for organisations and individuals looking for quick service turnaround, easy management and affordable prices. You will **achieve more in less time**.

DOES YOUR BUSINESS NEED TO DIVERSIFY REVENUE STREAMS?

A website is not just a medium for representation of your company, it is a form of media from which everybody can acquire information. You can use this media to sell advertising space to other businesses.

DO YOU WANT A WEBSITE WHERE YOU CAN ADD AS MANY PAGES AS YOU LIKE?

Our 'add new webpage' feature allows you to add an unlimited number of new web pages to your website. This does not require any web technology knowledge since all the hard work is done by our advanced web management system.

To add more pages just log on to the admin panel, choose add new webpage, name your new web page and enter main content. This is all you need to do.

DONT HAVE TIME TO LEARN ANOTHER NEW SYSTEM?

The easy to use XDEV CMS not only allows the future cost savings but also lets you control your website content.
The XDEV CMS allows you to update your website's pages, text or images anytime using the password protected CMS installed on your website. To make changes simply login to the admin panel, select the content you wish to change, apply required changes in an easy to use editor and click OK. It is that easy!

ARE YOU WORRIED THAT YOU DON'T HAVE THE SKILLS TO BUILD AND MANAGE A WEBSITE?

Dont't worry the"Ready To Go" Website is designed specifically for non technical users so that they will be able to manage their own websites with minimal knowledge and time. For small business this is certainly an advantage.
