## All Skills Services Pty Ltd

Our company is a fully insured and accredited Registered Training Organisation (RTO).

Our aim is to provide quality training and assessment services to enable individuals to pursue their goals and aspirations, and to give them the confidence in the knowledge and skills that they have learned, to achieve them.

We are a Fee-for-Service RTO who does not receive Government Funding therefore we rely on the quality of our training.

Our trainers and assessors have years of industry experience in the Transport & Logistics, Civil Construction and Mining industries, & are members of TRANZnet, Australian Timber Trainers Association (ATTA), Industry Skills Council & Dial Before You Dig (DBYD).

**“Servicing all of Victoria”**

Course detail & prices available on our website

[www.allskillsservices.com.au](http://www.allskillsservices.com.au)

Our Head Office & main facility is located in Maryborough in Central Victoria, which includes a warehouse with a large outside area, so most of our training courses can be delivered here at our facility. Some of the practical training on the larger earthmoving machines will take place at another local site.
