

# Want more from your tiling than a flat 2 dimensional product?

## 3D PRODUCTS

**Solution:** A tile which uses texture and volume with all the technical advantages of ceramic to turn any wall into a work of art.

- Manufactured using state of the art technology to create a fine quality glaze.
- Heat resistant.
- Non-staining.
- Rectified edges for minimal grout joints.
- Easy to clean with no sealing or ongoing maintenance required.
- Designed to make a statement in any room of the home and can bring bathrooms, living areas, bedrooms, entrances and facades to life.
- Uses volume to reflect light and shadows to make an impact and leave an impression.
- Façades available in rectified porcelain and are unaffected by solar radiation.
- Manufactured by the environmentally responsible Porcelanosa Group, using ethical workplace practices.
