WHO WE ARE

At Harbour City Air Conditioning our people are our greatest asset. With over 15 technicians on the road daily, backed up by a dedicated office team of account managers and support personnel, you can be sure that your job will be carried out promptly and professionally.

Our customers are diverse, ranging from large strata organizations, real estate agents and individual owners.

We strive to provide a complete and comprehensive air conditioning solution so you stay comfortable all year round.

WHAT WE DO

At Harbour City Air we offer a full range of services for commercial and industrial air conditioning systems.

These include Installation, Repairs, Servicing and Maintenance to ensure that you receive the optimum performance for years to come.

Along with providing air conditioning solutions, we are experienced in all facets of core building mechanical ventilation systems and essential services.

WE DO IT BETTER BECAUSE...

We identify early our clients' needs and expectations and seek to deliver with an open and transparent approach.

We know all there is to know about your climate needs, this enables our team to provide you with right solutions and advice, ensuring your needs and priorities are addressed in the solutions we provide.

At Harbour City Air Conditioning, we are proud of our reputation and are always striving to achieve the best outcome for our customer. From routine servicing and inspections, to complete overhauls or a new installation, we have a solution.

You can sleep easy knowing that Harbour City Air Conditioning is looking after your Building.

TRUST HARBOUR CITY AIR CONDITIONING

– your commercial and industrial air conditioning professionals.

You will be pleasantly surprised at how efficient and cost effective your installation, maintenance and repairs can really be.
