Dear Business Owner

Seal-a-fridge Northern Victoria is under new management and we would like to introduce ourselves to you.

Mark is from an agricultural background and is multi-skilled in maintenance and engineering. He has an interest in problem solving door and seal issues.

Mary has an admin background and enjoys customer service and is committed to meeting the needs of customers who are experiencing door or seal problems.

Our mission is to meet our clients needs by solving their seal and door issues promptly.

We recognise our commercial clients face more serious issues with high usage fatigue on coolroom, freezer and undercounter doors and we aim to be competitive in repairing existing equipment.

Please call us if you would like a quote on 0408 883 715. We look forward to being of service to you.

Regards

 

Mark and Mary

**The Commercial & Domestic Seal & Door Specialist**
