What's included?

Great looking website with flash images

All Inclusive Web Design Package

Sit back, relax and let us do the work for you. **All Inclusive Package** with social media, online shop, multi-media, apps and plugins. Online shop includes up to 20 products loaded for you, category setup and more...get your dreams started!

Professional website layout, navigation and page design.

Expert content that is visually appealing to draw customers in.

10 Web Pages - of your choice, with a mix of main web pages and sub-pages.

Multi-media – loaded on your website including video and audio tracks (max. 3 each). PLUS Event lists, news lists, product catalog lists embedded in web pages.

Plugins – member login, Google maps, online forms, Google event calendar. PLUS integration with free apps and WIX apps including Getonic Online Store for digital downloads.

Basic Shopping Cart to sell products with PayPal checkout. You can offer discount coupons, add options (size, colour), add videos, multiple product images and manage your orders. Includes shopping cart setup, categories and up to 20 products loaded.

***Client to supply product images and information.*

Tumblr Blog page – designed and integrated with your new website, Twitter and Facebook pages. Plus an E-reader subscription feed.

Business Facebook page – designed and integrated with your existing personal Facebook page and new website.

Twitter page – page design integrated with your Tumblr blog and website.

Meta tags – added to each web page optimised for the search engines plus keyword footer.

Domain Name – your new website is linked to your own domain name URL (we handle that for you) and we can assist you with domain name registration.

Optional – **10 Business email addresses** with your own domain name URL, hosted with Crazy Domains. Annual cost is \$36 (\$3/mth).

Go Live – testing of all site functionality and links, plus submission to Google. Google analytics linked to your site.

Social Media Marketing

As part of your web design plan, social bars can be added to any web page and linked to your social media accounts and pages. This includes:

[Facebook](#) | [Twitter](#) | [LinkedIn](#)
[Soundcloud](#) | [Tumblr](#) | [Flickr](#)
[Pinterest](#) | [Google+](#) | [Blogger](#)
and [YouTube](#)

Mobile View for Smartphones

A mobile view of your new website will be set up so your customers can access your site from any android phone, anywhere in the world.

It allows users to easily navigate your site, contact you quickly and easily and follow you on social media.

Inclusions:

- Navigation Menu to your site pages.
- Your phone number
- Email Address
- Business Address
- Social Media Profile

Easy web editing Feature

Once your website goes live, making changes is easy with the Wix platform.

Simple drop and drag functions for text, images, media and plugins means even a novice can manage the site content and online store.
