FREE Membership for the first 6 months for all new Plant Hire Members. Try out this new industry tool for free and see how many great leads it generates for your business!

What is iseekplant.com.au?

iseekplant.com.au is Australia's 1st Plant Hire Search Engine. It connects Plant Users (project managers, civil contractors, builders and developers) with Plant Owners and operators Australia-wide, based on their capability and availability. Never before has there been a centralised database of equipment and services for Plant Users to easily search, explore and identify businesses that have the plant and capabilities they are seeking.

Plant Search Page

Plant Search Results

PLANT HIRE COMPANIES

- Increase your client base
- Find and secure projects in new regions
- Source projects matching your capabilities
- Expand your fleet based on actual market need
- Receive a personalised website to use in your business marketing
