## Class Listing Term 4 – 2011

**Welcome** to the first issue of classes for Western Australian Handmade. I'm so excited to be offering classes in patchwork, and hope that my passion for the craft will inspire you.

I've been patch working for 12 years, and whilst I predominately enjoy machine piecing, there are times that I turn to needle turn appliqué. Like the rest of you, I too, have those lurking UFO's hiding in the back of closets waiting to be brought out and finished.

Term 4, 2011 will concentrate on the "How To" classes, however with the New Year, I will also be running "Social" classes.

Next Newsletter will be available in December with classes commencing 5<sup>th</sup> January.

I look forward to seeing you in class soon.

Samantha

**Note:** If you have any questions in relation to the policies or classes, please make contact either via my mobile number or email address.
