## Terms of Trailer Hire

These general Terms of Trailer Hire are in addition to our detailed "Terms & Conditions of Hire" detailed on the Hire Agreement.

**Booking Fee-** Although we will tentatively book over the phone, reservations are only confirmed with the payment of one week's hire. This booking fee is non-refundable but may be transferred to an alternative booking date. However bookings cancelled more than 90 days in advance will be entitled to a full refund.

**Insurance & Bond -:** At the time of pick up you will be required to pay a \$1000 deposit/bond, which is the limit of the Hirers liability for any damages or cleaning and repairs that may occur to our trailer whilst in your possession. Insurance excludes deliberate or immersion damage.

**Payment of fee -:** Payment in full is required at the time of departure. This can be made by credit card, cash or bank cheque. Some charges may apply to payments made by credit cards in excess of \$1000.

**Pick Up-** Pick up is between 1 p.m. and 5 p.m. – Tuesday - Saturday or by arrangement.

**Return -:** The camper trailer is to be returned to SEQ Campers & Gear, Caboolture, on the agreed date between 8 a.m. and 11 a.m., or unless notified of any extenuating circumstances, in which case payment and revised delivery date will be required. Failure to inform SEQ Campers & Gear of any late delivery will result in us deeming the vehicle stolen by the Hirer/Bailee.

**Cleaning -:** It is a requirement of SEQ Campers & Gear that the trailer will be returned in a reasonably clean state, removal of mud, dust and stones, washed and/or pressure cleaning of the trailer and chassis, sweeping chamoising and general cleaning of canvas/vinyl components will be deemed necessary. Prior to pick up the trailer will be offered in a detailed/cleaned state and any canvas imperfections so noted. Cleaning if required is charged at \$150.

**Brakes -:** Some of our trailers require by law the fitment of brakes where the trailer is over 750kg G.V.M. Our trailers generally have hydraulic over ride braking systems

**Electrics -:** Our trailers are all wired to an Industry Standard and are fitted with 7 pin round large fittings, similar to the Utility Car Adaptor Model No. H1715/Trailer Adaptor No H1716. You will be required to have this fitting or any adaptor at pick up, or conversely inform us 48 hours prior of your requirements.

**Gas Bottles -:** Gas bottles will be supplied as is at time of pick-up. You do not have to fill them on return.

**Identification of Hirer -:** We use a standard 100-point proof of identity as used by most commercial institutions. The following points can be used:

1. PHOTO DRIVERS LICENCE = 40.
2. BIRTH CERTIFICATE = 70
3. PASSPORT WITH PHOTO = 70
4. CREDIT CARD = 25
5. MEDICAL CARD = 25

**Return of Bond-** Your deposit will be returned in cheque form within a 7 day period and after inspection. Repairs will be done at invoice cost. Subcontract repairs, e.g. canvas or vinyl repairs. Deduction of these amounts will be taken from your bond.
