Dear Home Owner,

I would like to introduce you to Pro Build.

It has taken 7 years to build Pro Build into what it is today. A business built on the highest standards in construction and service. Our builders are professional and experienced, and construct all types of fencing and feature fencing, as well as all types of retaining walls, manual and automatic gates, and privacy screening.

All of our jobs are constructed to strict documented standards, ensuring that our work is of top quality every time.

Pro Build is based in Frankston, 45km south east of Melbourne. We service all areas within a 100km radius of Frankston.

At Pro Build customer service is priority. You can be confident we will arrive on time, complete your job on time, and leave your property clean when we are done.

We don't use the cheapest materials, we use numerous local suppliers to ensure you get the best quality timber, so we can guarantee your project stands the test of time.

Safety is important to us at Pro Build, we follow strict OHS guidelines to minimise both injuries to our workers, and damage to your property.

By using Pro Build you can be assured your project will be built on time, to a high quality standard, with minimal disruption to you. Your job will look great, and will out last inferior work. And for peace of mind all of our work is fully guaranteed for 3 years.

Our contact details are:
