

About Us

Key2Act has many years experience in not only teaching quality First Aid, but actively practicing it in the community and workplace. Combining professional course and accreditation delivery with over a decade of volunteer emergency response experience, your trainer has both class-room and hands-on practical knowledge and skills to enhance your learning experience.

A volunteer campaign fire fighter and office holder with a local Fire Brigade, and an experienced volunteer Ambulance First Responder, your trainer draws on a range of personal and professional skills and knowledge.

Other Services

Not sure what you need in your First Aid Kit for your particular purposes, or is it out-of-date or half empty?

Key2Act can provide you with advice on your kit needs in accordance with the compliance code First Aid in the Workplace (2008).

This service is offered free of charge to existing clients.

Key2Act is a proud sponsor of the Pattale Health Trust. A project to improve health standards and provide trained personnel to the village of Pattale in Eastern Nepal.

Key2Act proudly supports the work of Divers Alert Network

Key2Act - ask us about your First Aid training requirements

Training To Meet Your Needs

Key2Act assists small groups of people to maximise their learning experience when the numbers to be trained are too small to be economical for other providers. As such, we deal with two to ten participants in a friendly and relaxed environment.

Unlike other providers, we do not skimp on time or content, and as such do not offer one-day Apply First Aid courses.

We are able to provide flexibility and accessibility to meet your needs, and can break up the delivery of your training over a series of days or weeks, on full or half weekends, or evenings.

All courses receive nationally recognised statements of attainment.

A range of quality services and accreditation can be provided to your community group, business, organisation, group of friends or family.

In the comfort of your office, home or another suitable location of your choice, Key2Act tailors your learning experience with flexibility to ensure best quality training and accessibility for community and business professionals.

Nationally Accredited Courses - Available in 2012:

HLTCPR211A Perform CPR

For first-timers or experienced practitioners, this accreditation covers the requirements of CPR (Cardiopulmonary Resuscitation) from the Australian Resuscitation Council and includes an introduction to the basics of defibrillation.

Delivery time: 3 hours

HLTFA211A Provide Emergency Life Support (Formerly Level 1)

For those that need more information, this course covers CPR, casualty assessment, respiratory emergencies, cardiac emergencies, wounds and bleeding.

Delivery time: 8 hours

HLTFA311A Apply First Aid (Formerly Level 2/Senior First Aid)

When you need to know about a wide range of emergencies, this course expands on the Provide Emergency Life Support by also providing head, neck and spinal emergencies, temperature emergencies, bites and stings, acute medical emergencies, traumatic injuries, and musculoskeletal injuries.

Delivery time: 16 hours

Training is conducted under the auspices of Divers Alert Network (DAN) Asia Pacific registered training organisation 4659.
