

ASPEN
COMMERCIAL INTERIORS

C O R P O R A T E P R O F I L E

Designing spaces is
not just a process,

Where timber is shaped and upholstery is stitched.

It is an innovative journey,

Where dreams are realised and interiors are enriched.

Welcome

Welcome to Aspen Commercial Interiors, a company that has mastered the art of blending contemporary needs with innovative designs to give you functional interiors. We trust that the following company profile will help you to understand how Aspen Commercial Interiors can transform any space in to a unique environment that speaks design and portrays functionality in every square metre.

About Us

Aspen Commercial Interiors is a family owned company that was established in 1989 with a mission to manufacture innovatively designed, premium quality commercial furniture and joinery for business places throughout Australia. Our products are an amalgamation of superb craftsmanship and fine materials. With more than two decades of experience, we have pioneered and paved the way for newer innovations in the contemporary interiors sector, providing functional product solutions to all our customers.

We provide a knowledgeable and friendly service to commercial interior fitout companies, builders, architects and interior designers. With our two sales and manufacturing facilities and network of distributors, we are well placed to provide you with a fast and professional service, wherever you are in Australia

Aspen is as passionate about making your project come to life as you are. Our philosophy is to help create workplaces that are enjoyable to work in.

Vision Statement

Aspen Commercial Interiors is committed to becoming the leading edge supplier in the provision of commercial furniture products and services within Australia.

We work to achieve our vision through:

- The use of superior systems and technology
- Having an intimate knowledge of our customers changing and on going requirements
- Accountability and attention to detail
- Providing a broad range of value-added services
- Having a culture of continual improvement
- Being innovative
- A commitment to service excellence
- Our business is conducted ethically and with a strong social conscience

We also recognise that our people are the driving force of our success and therefore our process of selection, induction and personal development is a prime focus.

How we are different

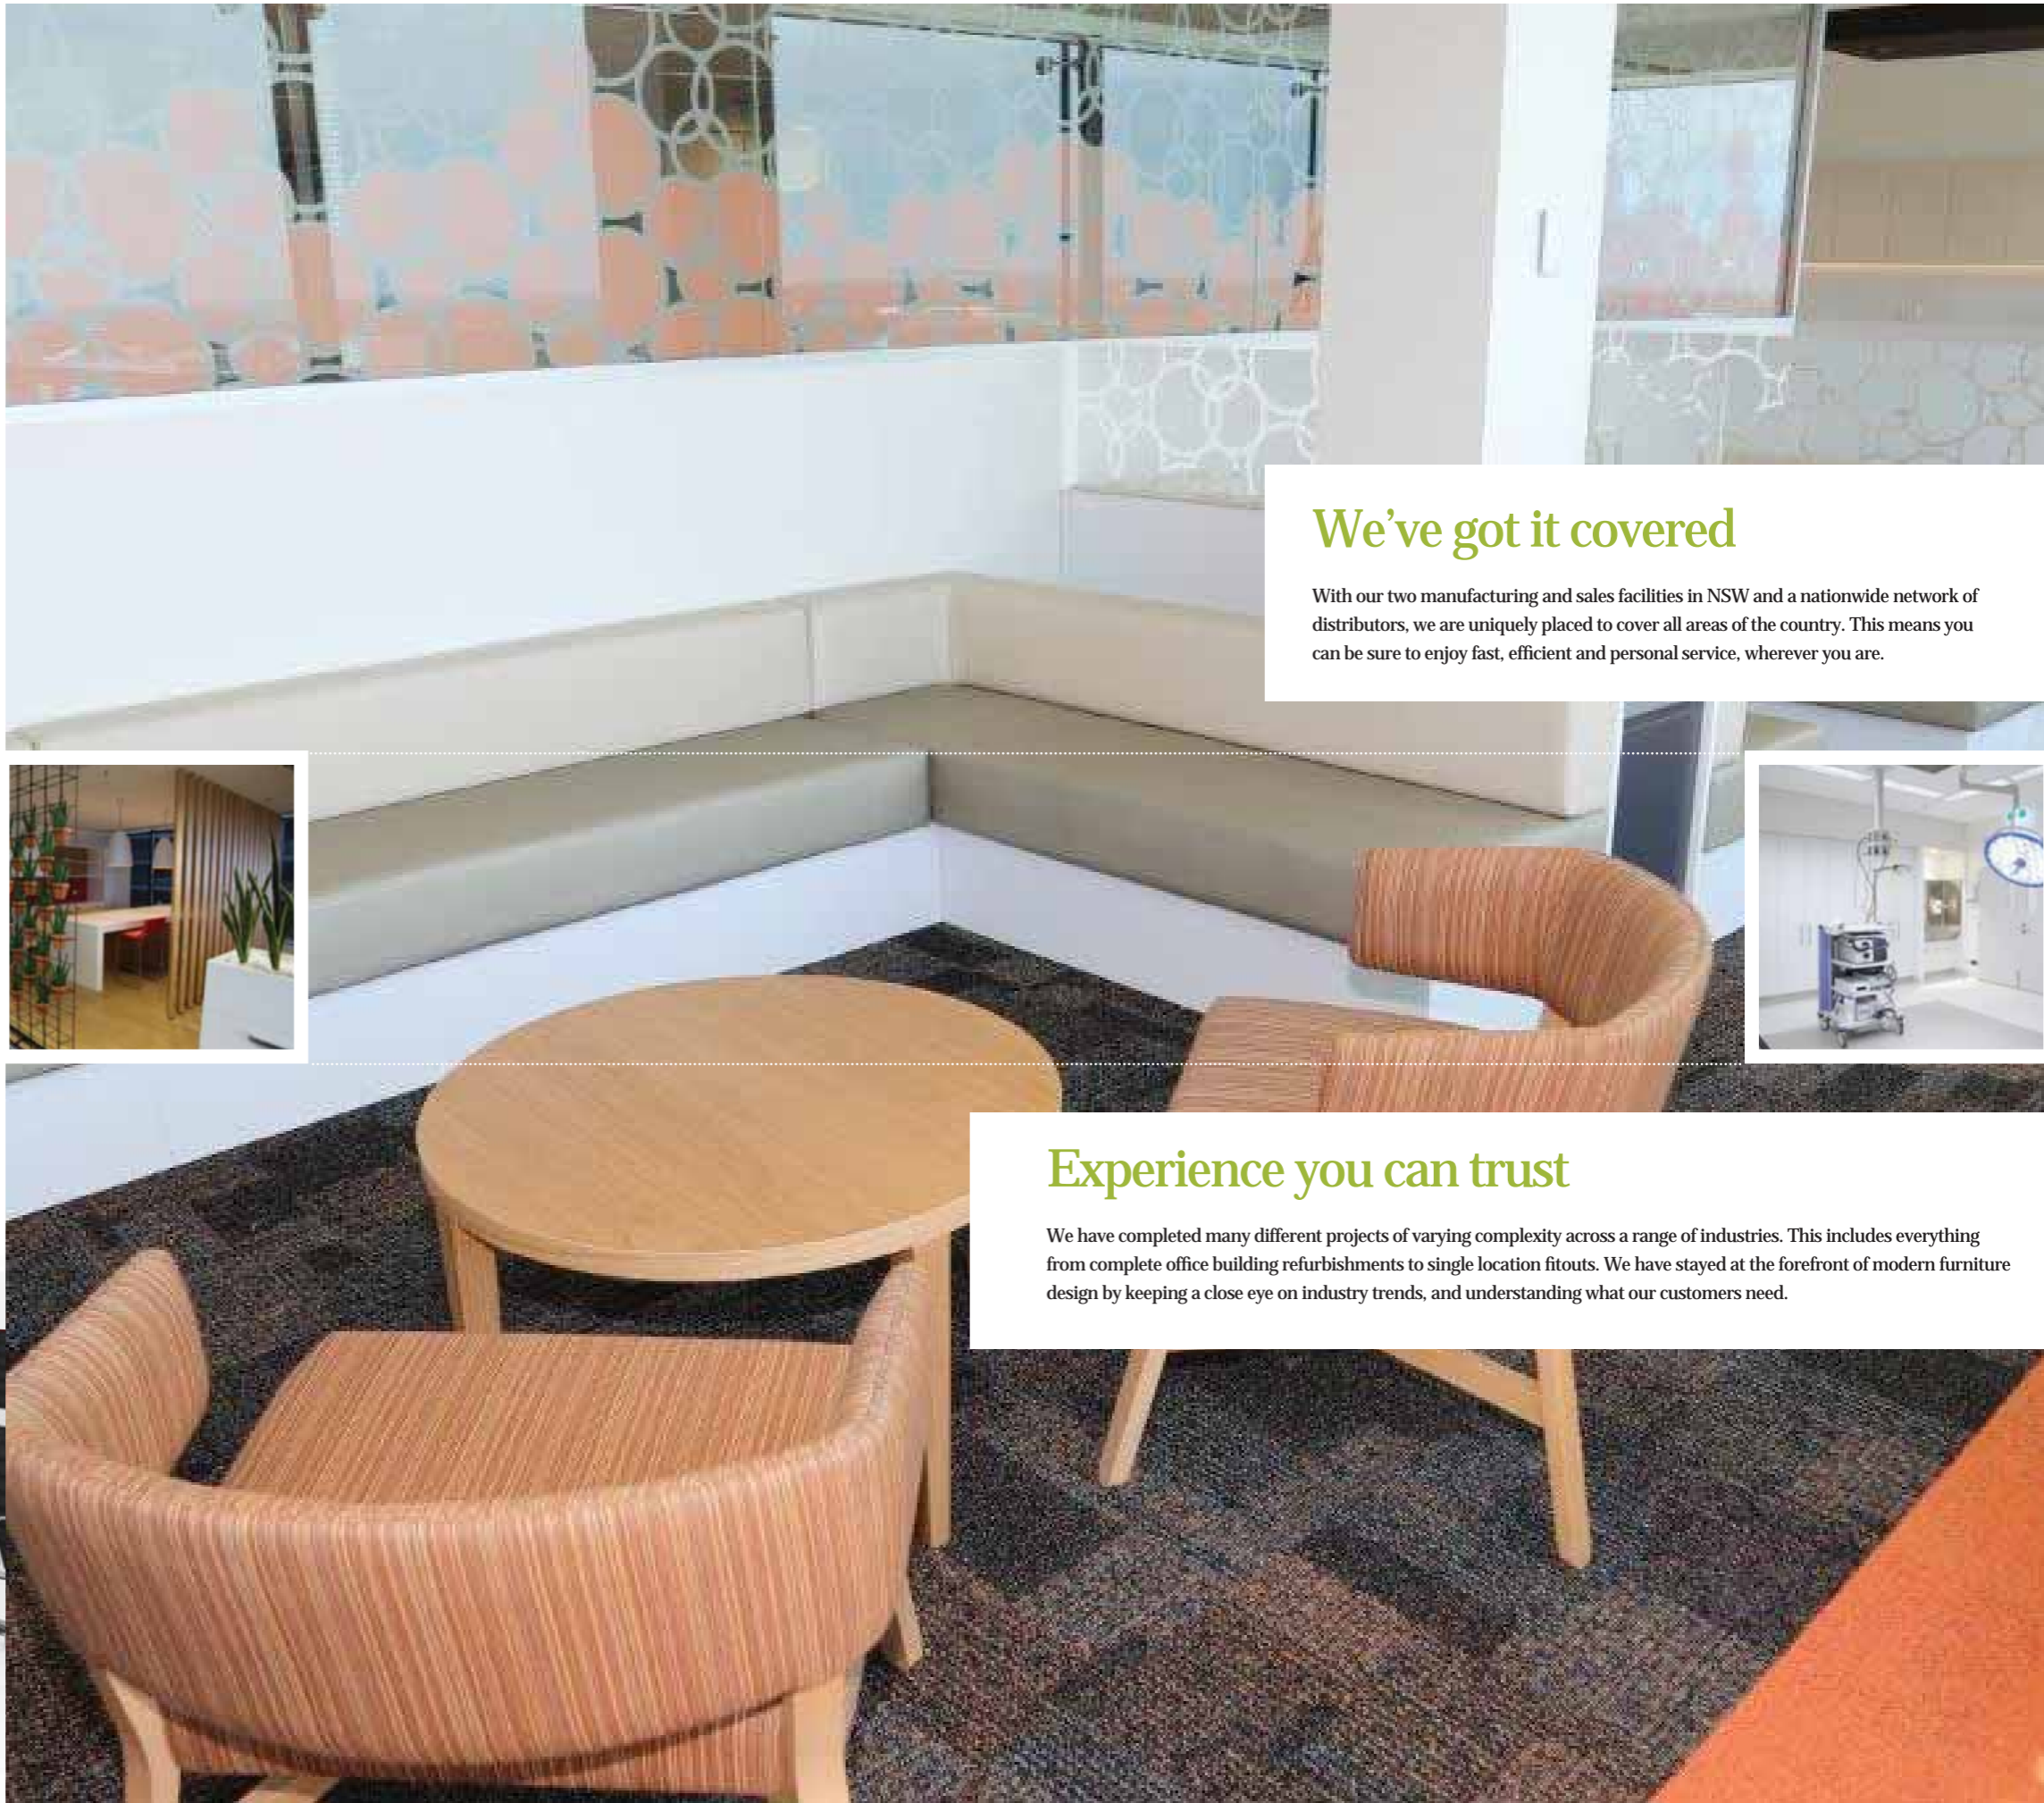

The complete package

Aspen Commercial Interiors is a complete custom manufacturing service. We design and build furniture and joinery that can be installed into new offices as well as integrate seamlessly with existing layouts. From workstations and precision joinery to storage walls and banquet seating, we can supply the furniture that will make your project come together.

Personal service

We know how important it is for the furniture in your project to meet your expectations. That's why we work closely with you every step of the way. We take the time to sit down with you, understand your needs and make sure that we realise the vision you have in mind. Your project receives our full personal attention, from initial concepts right through to the completion of the job.

We've got it covered

With our two manufacturing and sales facilities in NSW and a nationwide network of distributors, we are uniquely placed to cover all areas of the country. This means you can be sure to enjoy fast, efficient and personal service, wherever you are.

Experience you can trust

We have completed many different projects of varying complexity across a range of industries. This includes everything from complete office building refurbishments to single location fitouts. We have stayed at the forefront of modern furniture design by keeping a close eye on industry trends, and understanding what our customers need.

Products

Aspen Commercial Interiors offers a range of flexible, and innovative products that combine form and function. We have an extensive range of commercial furniture products such as workstations, reception counters, seating, tables and joinery to suit your needs. Available in a combination of various fine materials, our product line comes in a variety of designs, shapes and styles. Our products let you design new trends and enliven the break out or working spaces by giving them a futuristic and uncluttered look. Our products don't just fill up spaces; they enthuse life in to them.

We create dynamic and flexible products for almost every need in a commercial setting. From workstations to storage, for boardrooms to banquettes, we have all areas covered. We have the expertise to enhance the environment in your commercial space by using a mix of clean lines and subtle tones. Using the right combination of timber, metal, fabric, leather, and colors we are able to create a piece of furniture that becomes a conversation point.

Our Range

Available both online and in hard copy, we have an extensive portfolio of products and brands namely, Horizon Furniture, Spektrum Cube Storage systems, Spektrum Workstations, Vista Medical cabinets, as well as a range of soft seating products, to help you choose the product to meet your needs. We are confident that all of our products will exceed your expectations both in terms of design and functionality.

Projects

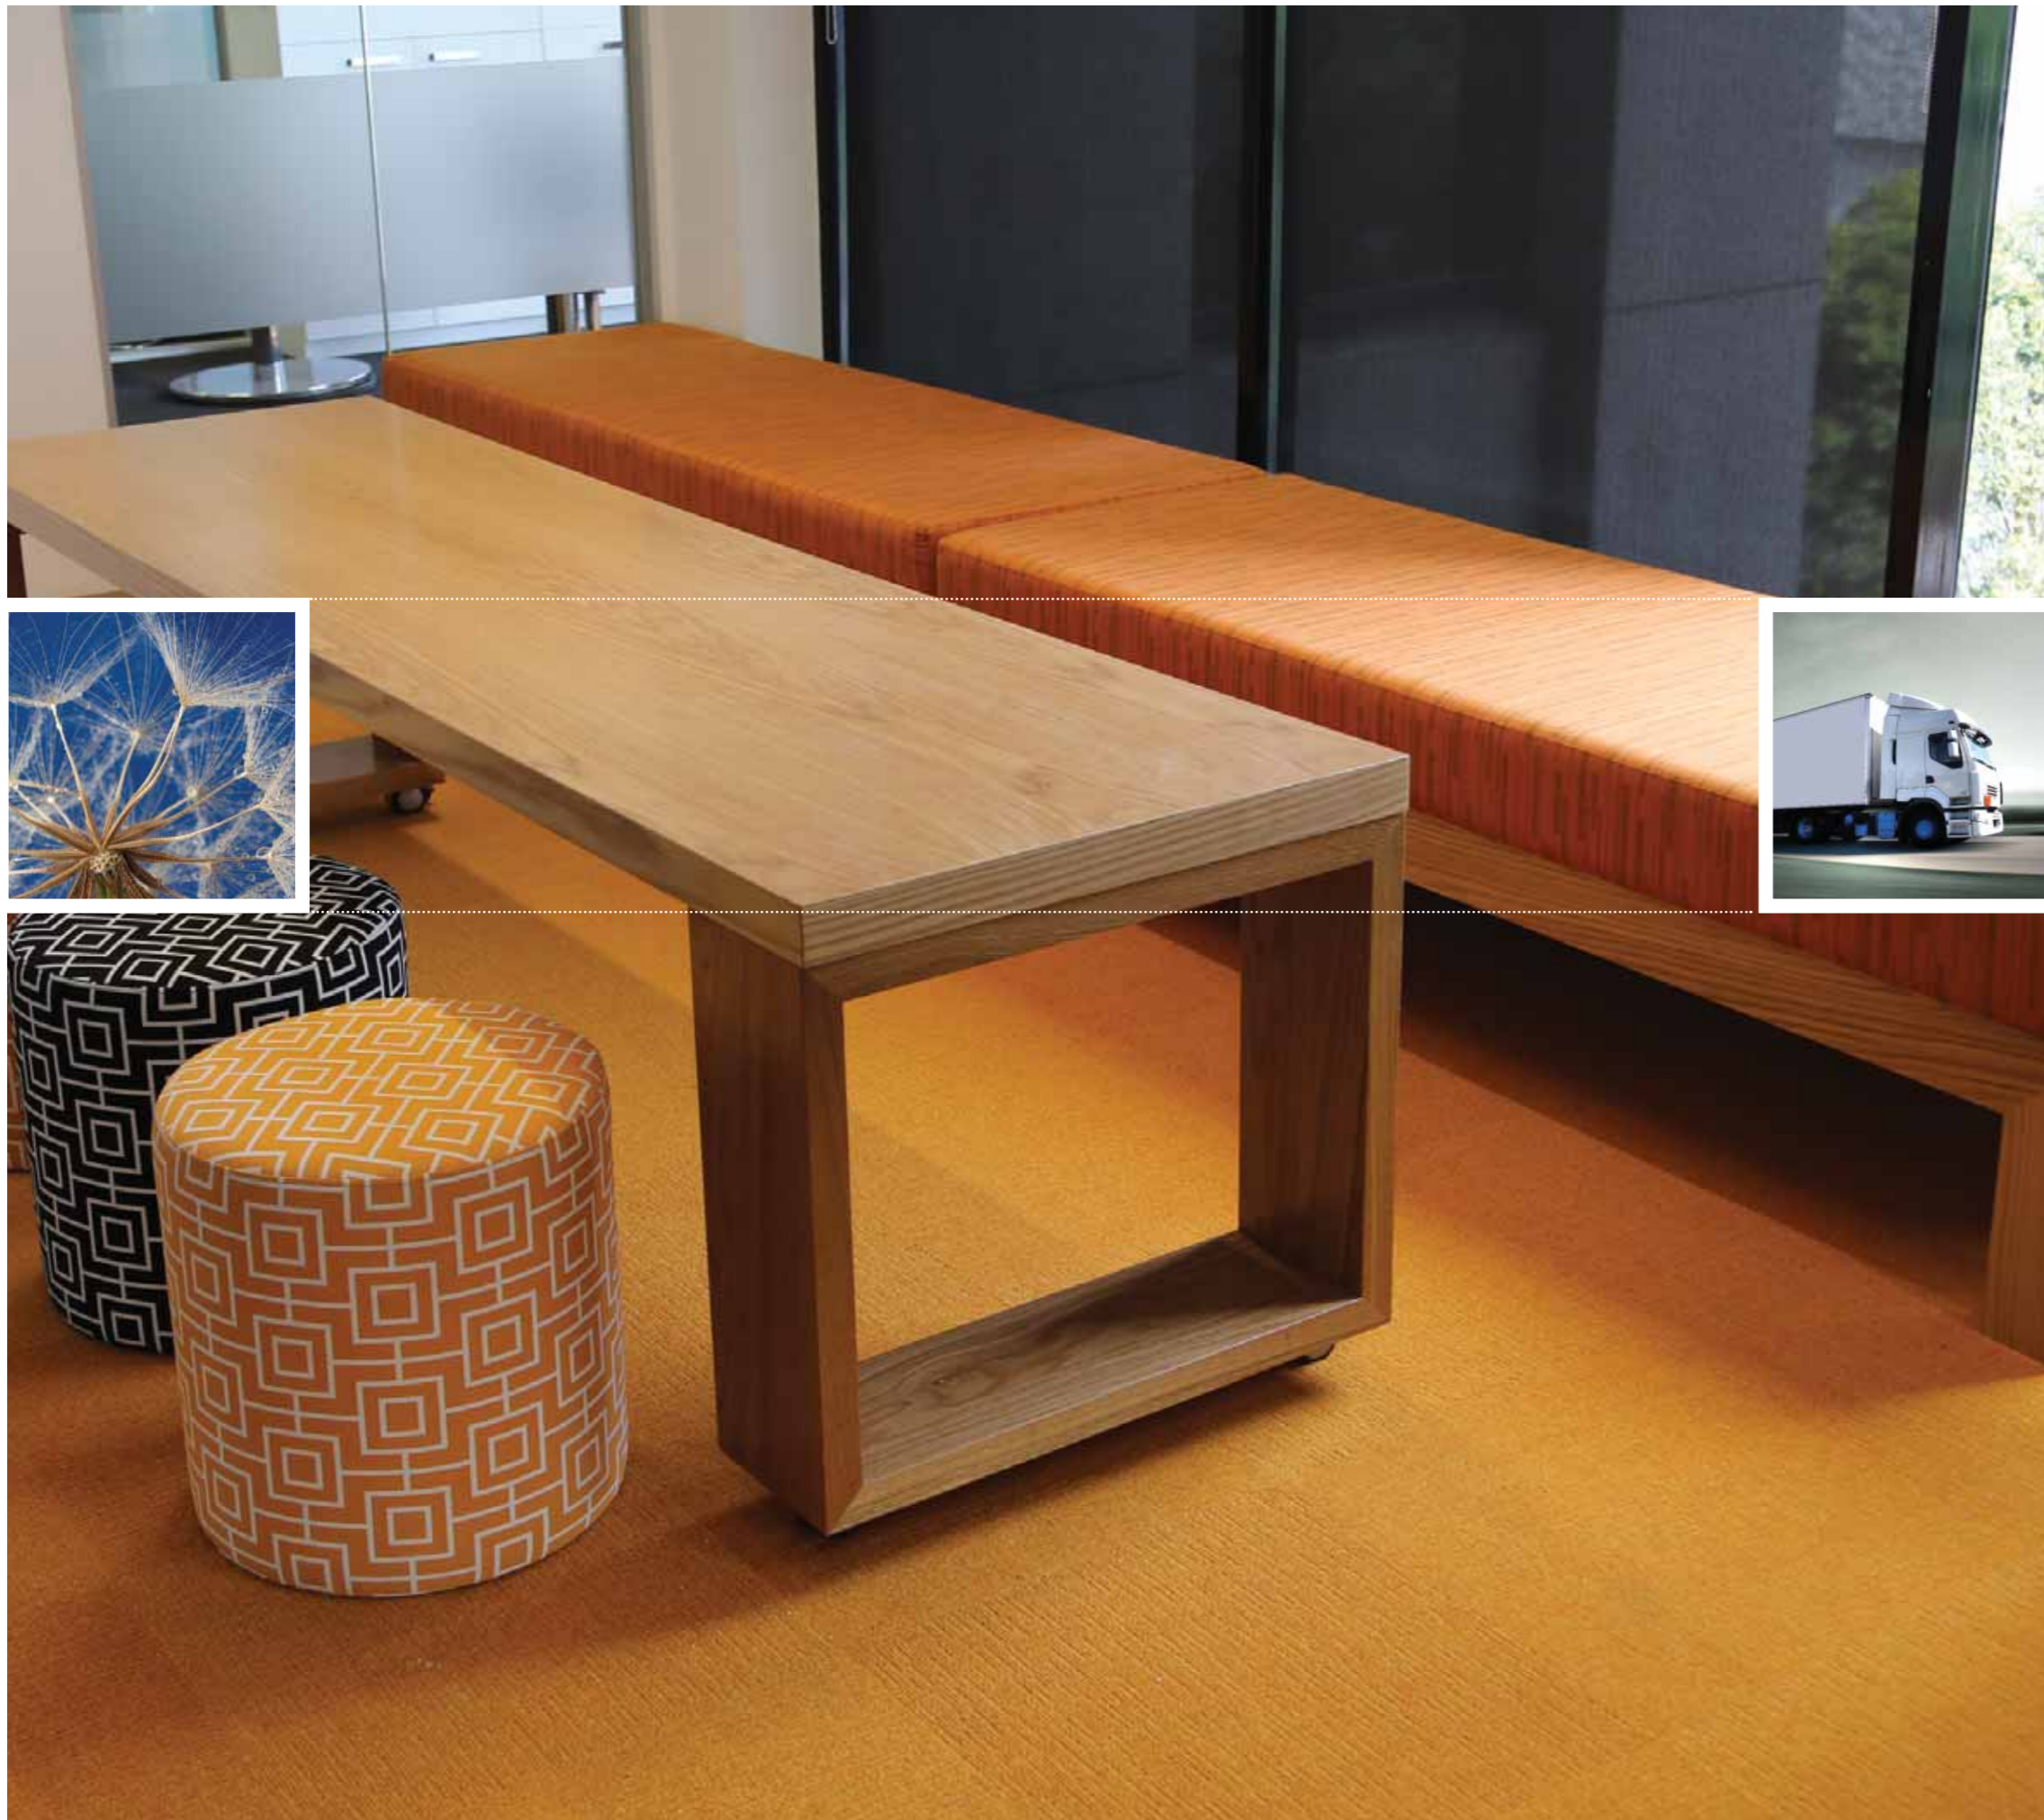

In recent years at Aspen we have undertaken projects in a variety of commercial sectors including, offices, hotels, motels, gymnasiums, hospitals, Aged Care facilities, schools, colleges, universities, restaurants, banks, car showrooms and more. If you have a commercial space that you want to decorate or redecorate then we at Aspen have the confidence to provide you with a solution. Aspen's forte is to provide out-of-the-box solutions for any type of commercial space that you may have. Spaces decorated by Aspen boost confidence and takes away the stress related to the working environment. Our interiors enhance the quality of work and productivity in the space that your clients operate in.

Our focus on durability in the case of student furniture, including boarding school fit outs, and focus on longevity in the case of laboratory installations have gained us recognition in the education sector. Further our projects in the health sector such as designing nursing stations, patient furniture, kitchens, tea room and meal areas, wall paneling, glass counter screening and storage areas have won us the title of an interiors company with expertise in this field.

Our deep understanding of the demands of commercial projects gives us an edge over other manufacturing companies. Our projects in the corporate sector such as banks, car showrooms, and energy supply corporations, focus on the efficiency and productivity of the employees. Our sensitive approach in designing Aged Care accommodations and hotels and motels, where focus is on comfort and ease, have earned us the appreciation of people who use them.

The Environment

We are committed to manufacturing and supplying environmentally sustainable products. Furthermore, we are dedicated to sustainable design and development principles. We know that you and many of your customers demand 'green' credentials from their suppliers, and we believe in upholding our obligations to the environment. That's why we minimise our impact on the environment by choosing only quality materials with a long service life. It means we select, where possible, renewable and recyclable materials for our products.

We are also committed to a manufacturing process which can be tailored to your meet your requirements. Our trained consultants can give you expert advice on how to design and specify your project to maximize its environmental credentials.

Location & Logistics

From design to delivery, Aspen has a functional and hands on approach in every aspect of its business.

We have two manufacturing and sales facilities strategically located in NSW. With a manufacturing facility situated in Armidale NSW, half way between Sydney and Brisbane on the New England Highway and the Sydney production and distribution facility conveniently located at Arndell Park approx 1.5km from the intersection of the M4 and M7. A wide network of authorized distributors spread all over Australia ensures prompt and efficient delivery of Aspen's products throughout the country.
