

### **Home Builders Perth WA**

[Smooth Start](#) understands the way building should be. We are proud of our innovative and stylish home designs but it is also our ability to give our customers easy access to the best source of land blocks, take care of their home loan needs and ensure that the overall process of getting you into your very own home is a smooth of a process as possible.

### **Beautiful and Practical Designs**

Our homes have been designed to tailor the dimensions of the typical new land blocks available around Perth's metropolitan area and throughout Western Australia. The designs are modern and cost effective – with multiple designs and sizes of houses available, we are confident we can deliver complete satisfaction to anyone looking to purchase a new home.

### **Stress Free Finance**

What you're looking for in a home loan is as unique and individual as you are, and we can take the headache out of searching for that right loan amongst all the options out there. Our finance specialists have years, often decades, of experience in helping first homebuyers, and they're here to help. Even if you have no savings, had trouble with credit history or even been knocked back by the big banks; we may be able to help you get into your first home.
