About Us

Function Face Painting is based in Adelaide and is the creation of sisters, Keeley and Demsey MacRae.

The sisters have been working with children for the past 12 years. Demsey has face painted as a hobby for 10 of those years and Keeley has been face painting for 5 years. In early 2014, the girls decided to join forces and created 'Function Face Painting' together.

At Function Face Painting, the sisters are dedicated to providing a friendly, professional and reliable vibrant service. Their passion for children, parties and art is at the base of everything they do. They pride themselves on excellent entertainment and creating memorable moments for all to enjoy.

Our Face Paints

Our face paint artists use TAG Body Paint. TAG paints are a professional water based high pigment, vibrant coloured paint with excellent coverage.

This means that the paint will maintain it's brightness, even when lighter colours are used over darker colours.

TAG paints are non toxic, skin safe and made with FDA approved ingredients. Our paints are easily removed with warm water and soap.

Your children's health and safety is very important to Function Face Painting therefore the team follow strict hygiene practices during their events.

In addition to this, for your peace of mind all artists have up-to-date Child-Related Employment Screening and full public liability insurance.
