L & H Maddigan

*"To Whom It May Concern,  
We recently completed bathroom renovations in our ensuite and laundry area.  
The plumbing was carried out by Shailer Park Plumbing Services, Logan City, QLD. In 1990-1991 we completed a major upgrade of our kitchen, master bathroom and other plumbing requirements. Mr Kevin Wright and his team have always met with the high standards set by their own business ethic and expected by us. It is for this reason that we have never sort the services of any other company, it has been our experience the same service is given to minor maintenance, they are concientious, try to be prompt and most of all trustworthy people with a good and courteous work ethic."*
