# About Kenilworth

Richard Smith tendered to set up a cattle run on the east bank of the Mary River in 1850. At the time, Mrs Smith was reading Sir Walter Scott's novel "Kenilworth" and she decided to name the property 'Kenilworth' after the novel. The town of Kenilworth was surveyed off Kenilworth Station in 1921. The Aboriginal name for the Kenilworth area was Hinka Booma. Kenilworth Homestead still exists and has continually been restored and extended, still keeping as much of its original structure as possible. The tree lined street, Elizabeth Street, accommodates most of the local businesses and eateries. Voted Friendliest Town in 2000, Kenilworth is noted for its Kenilworth Celebrates Arts Festival and Rodeo, both in September. The town is located in an idyllic country setting on the banks of the Mary River, close to spectacular national parks and state forests, making it an ideal base from which to explore the Sunshine Coast Hinterland – "The Bush behind the Beach".
