Dr Bian creates an enjoyable learning environment. He explains concepts and principles concisely, demonstrates important examples relevant to tests, and gives time for students to ask questions they do not understand clearly. Students are given some brief notes, which help students to grasp the gists of the class.

Dr Bian has been working as a tutor since 1997 and has helped many VCE students to get their satisfactory scores. One of his recent VCE students was offered a place in Bachelor of Medicine/ Bachelor of Surgery (MBBS) in 2011. He has tutored the student chemistry (raw score 49), biology (raw score 45), physics (raw score 40), chinese (first language) (raw score 41), UMAT (99%). The student has got a final ATAR of 99.55.

He also has experience in teaching English as a Second Language (ESL), Mandarin, and preparation for standard exams, such as Edutest, IELTS, and GAMSAT Section III.

Dr Bian works as a part-time teaching associate at the University of Melbourne. Since awarded a Ph. D. degree by the University of Adelaide in 2002, he had worked as a post-doctoral research fellow for more than six years at CSIRO and the University of Melbourne respectively.

Helps your dreams come true !

Tailoring courses to meet students' needs creates an enjoyable learning environment.
