Jake has exceed my expectations, he has come up with many ideas and suggestions that make sense and suit the design of my French provincial home. He also surprised my daughter's by creating a "fairy garden" space and I even caught him having his lunch with my three dogs! More than pleased with the progress so far and looking forward to what's in store in the future. Highly recommend.

Oldfield Landscapes put in our garden shed. We are very impressed by the amount of effort and time Jake spent getting the job perfect. The professionalism and detail was amazing and we are so happy that we now have a solution for our storage issues. Jake also finished off a small concreting job for us to allow a space for our bins. Nothing was a hassle for him. We would definitely support this local family business again. 💎

Jake has done a great job in helping me plan my front garden. He is a wealth of knowledge and meticulous in undertaking work. So far he's done paving and installation of an irrigation system (and kindly fixed the part the dogs dug up on the day he finished!). In the spring we hope to lay turf and start on the garden beds.

I highly recommend Jake for all your landscaping needs.
