take advantage of our discount code **WONSIE** to save 20% when you purchase 3 or more bodysuits*

*in one order. Excludes delivery fees, if any.

Wonsie Australia specialises in bodysuits for older children. The sizes of our Wonsies start where most brands finish. There are many reasons why our customers love our hard-to-find bodysuits. They help to keep wandering hands out of nappies, deter inappropriate undressing, keep curious fingers out of feeding buttons/PEG tubes, prevent kids with eczema from scratching tummies, maintain a warm layer under clothes and anything else which requires top to bottom coverage.

Our Wonsies are;

- made from a cotton rich, soft knit jersey fabric which allows skin to breathe
- designed to stretch to allow kids to play without feeling restricted
- longer in the leg to fully cover the bottom, which helps to deter wandering hands from reaching into pants or nappies
- easy to access for nappy changing and toileting thanks to the press studs in the crotch area
- in popular basic colours which will not show obvious staining in the darker shades
- tag free to stop any irritation which would normally come from annoying labels
- bound in a soft rib knit around the neck, armholes and legs for comfort

Wonsie offers **FREE** shipping within Australia and we also ship worldwide.

For more information, please visit our website for more details or email us at julie@wonsie.com.au.

For whatever reason you need our bodysuits, we are sure you'll love them too.
