Capability
Statement

BLUE GIRAFFE STUDIO IS A
SPECIALIST IN ARCHITECTURAL
CONCEPT DESIGN
SHO CASING BESPOKE COST
EFFECTIVE OUTCOMES.

Overview

Blue Giraffe Studio was established in 2010 providing concept designs for existing home and business owners looking to enhance their liveability and functionality.

Whilst many corporate architectural groups focus on new buildings they often overlook clients who require initial design guidance and conceptual advice.

Blue Giraffe Studio challenges the traditional corporate architectural model in working with clients at the front end to refine and explore their aspirations with cost effective design conscious concepts.

With a wealth of practical experience and diverse portfolio Blue Giraffe Studio can assist you with your next project to achieve your desired outcome."

Personnel

Samantha Rosewarne

Designer, Blue Giraffe Studio

Samantha is a graduate architect with over 9 years experience in the healthcare, office and residential sectors.

Having developed major key projects throughout Queensland for top tier architectural groups over the private and public sector she brings a wealth of experience to your next project.

Moving away from the larger corporate architectural work and having a young family she takes on small design focused projects on a personable scale for which she is passionate about.
