

COACH HOUSE

Expert tuition for students of all ages

We like to do things a little differently at Coach House. Our delightful premises are decorated in Victorian Gothic style. Our students tell us they feel like they've stepped into a storybook world. Can you see yourself learning on a cosy couch in front of a fireplace or in a private lamp-lit nook? Perhaps you might like to join a group lesson at a long, timber table, complete with candelabras?

We don't use 'one-size-fits-all' programs at Coach House. Instead, we give you practical help getting your work done, handing in urgent assignments, learning new skills and revising old content until you master it. We don't give homework, but we'll certainly help you with yours. Until you can work independently, our job's not done. Imagine what you could achieve with your own private tutor helping you every step of the way.

OUR TUTORS

Coach House is a family-owned local business with a proven track record in Laurieton. All our staff have Working With Children clearance.

ANDY

Andy Chumley is a Learning Support Teacher specialising in Maths, Phonics and Mastery Learning. Andy will patiently re-teach work you didn't grasp in earlier years of schooling. He'll show you simple techniques to conquer old problems. Your improvement will be swift, boosting your confidence. Andy is great at identifying learning gaps in literacy and numeracy. He is also an experienced home schooling parent and consultant.

ALLY

Ally Chumley is a Secondary Teacher specialising in English, History and Geography. She's written many textbooks used in Australian schools and is an Australian Curriculum consultant for government publishers. Ally is an essay writing specialist and has been an HSC English exam marker and a classroom teacher for more than 25 years. She will re-teach all your prescribed texts, course content, writing skills and literary techniques. Ally holds Bachelor's and Master's Degrees in Education and consults on thesis development and research methods for tertiary students.

KAILA

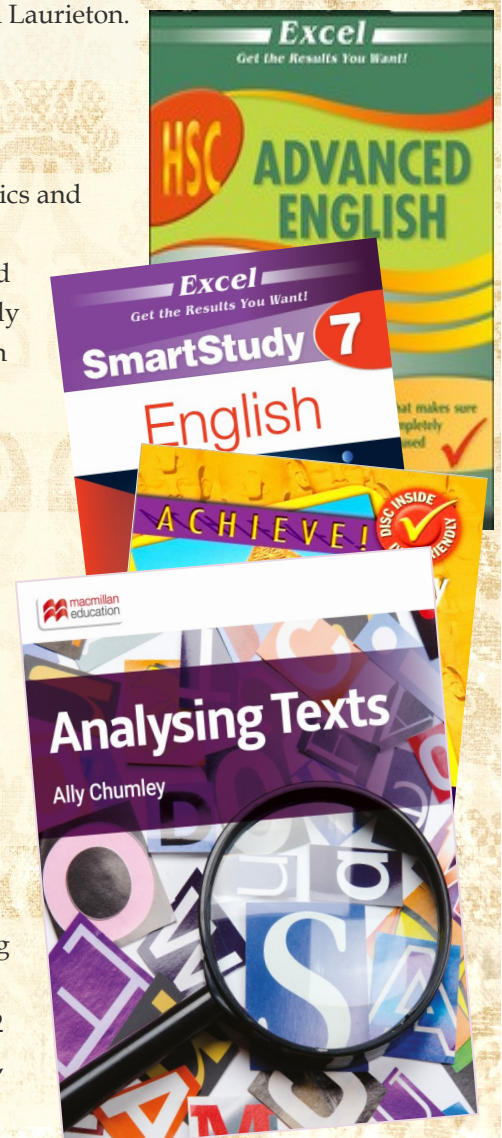

Kaila is a fourth year Bachelor of Education student at CSU. She is majoring in Mathematics and has completed the first part of her accreditation. No matter if you are just beginning Year 7 or studying for your Extension 2 HSC Maths exams, Kaila can help you navigate the Australian Curriculum, understand your work and develop your problem solving skills.
