Beyond Colour Overview

□

Beyond Colour embodies all that is required from a successful trade company; experienced, reliable painters who can re-invent any space quickly, professionally and at a very competitive price.

With over 20 years experience our fully licensed and insured painters, together with our colour consulting service will transform your home, office or commercial property into the best it can be. All work is guaranteed and we are committed to saving you time and money.

Experience means peace of mind.

Who we are

We understand how difficult it is to find reliable, trustworthy painters which is why, over the years Beyond Colour has built its name on these principles. A group of experienced individuals met looking for a way to better service the building industry through combining their skills.

Safety

Occupational Health and Safety is a heart-felt commitment followed by each and every team member of Beyond Colour. All levels of management and staff follow the “Subbie” Pack and operate within the company’s Safe Work Method Statements.

What we do

Residential - Including any residential area even garages and outdoor settings. We will create the warm, fresh look your home deserves while saving you time and money - guaranteed!

Commercial- Beyond Colour services include new space construction and annual building maintenance, any project, any size - from a single unit tilt-up to a large commercial complex.

Industrial- Repair Garages, Industrial, Plants, Warehouses, Manufacturing Plants, Power Plants, Laboratories Oil Refineries.
