

Skip bin Rentals.com

We load it.. Or you load it, We sort it, We dump it.

We offer our clients the option to load it themselves or we will load it for you. Instead of leaving a skip bin we come on site with a skip bin trailer.

This service is much simpler than hiring a skip bin. A bin will often require council approval and not to mention your own blood, sweat and tears to fill it. We are here to pull up, load up and take it away without you having to lift a finger! We do charge a small affordable fee per cubic meter for loading subject to your access, or you load it to save money. In most cases the fee is as low as \$20 per cubic metre.

'We load it; OR 'you load it'
'We tow it & sort it'
'We Dump it'

Skip bin Rentals

'Our pricing is fixed as you see it on our website, For example: With a fixed traditional skip bin company you first pay for your bins price \$190 for a small 3 cubic metre bin is the asking rate, Plus you pay another rate for what you put in that bin and its total weight when they come back to pick up the bin! Ranging from \$100 to \$120 then you get slapped with a nice 'GST' bill up to \$35 that's right up there with pricing expect to pay from \$360 to \$385 for a 3 cubic meter fixed skip bin from our competitors, Ring them and see for you self, I only charge \$220 for a 3 cubic metre bin including delivery pick up & tip fees, I can save you '\$140 minimum' compared to a fixed skip bin's from our competitors if your rubbish is ready to go.

We invite you to visit www.skipbinrentals.com to view our full price list, terms & conditions that apply.
