Fleet Replacement

Yellow Express has assisted many companies to outsource their delivery requirements.

- You can concentrate on growing your core business.
- Capital is not tied up in the company fleet.
- Zero maintenance cost.
- Fleet requirements can be adjusted to suit seasonal fluctuations.
- Drivers can wear your company uniform/logo if desired.
- Having the option of your company branding on the vehicle.

Ad-hoc

We have one of the largest express transport fleets in Victoria enabling us to service all your same day requirements in a time critical manner.

1 tonne Vans/Trays through to Semi Trailers, B-Doubles and Tailgated Vehicles.

Permanent Bookings

Yellow Express can service all your regular delivery tasks ie: timeslots into major Distribution Centres. By entrusting these deliveries to Yellow Express, your company can rest assured that we will provide the correct size vehicle at the desired time, **every time**. As these jobs are often repeated, it is our commitment that wherever possible, the same driver will be supplied for consistency.

Refrigerated Services

Yellow Express has a Refrigerated Services division to cater for freight that requires climate control. Our HACCP Accreditation is recognition of our commitment to provide high levels of service and customer care.
