Roofing Sydney

Mates Rates Plumbing Services specialise in every aspect of **roof work**, no job is too small or too large. From **small leak detection repairs to complete re-roofs**, we can do it all.

Roofs require regular maintenance to prevent costly repairs or complete roof replacements. Mates Rates Plumbing Services specialise in **roof repairs and roof maintenance of all roof types, including slate, tiles and metal roofing**.

We have been repairing roofs throughout Sydney for many years in all aspects of roof maintenance, restoration and repairs.

The following are **areas that commonly need attention** and we service:

- Tiles that have slipped & broken,
- Leak detection and prevention,
- Water proofing to flat roofs,
- Ridge / Hip re-pointing,
- Gutter cleaning, renewal,
- Gutter guard installation,
- Replacement of Valley & flashings,
- Installation of anchor points,
- Insurance repairs,
- Residential, commercial, strata and real estate properties.

Our team can inspect, access and diagnose problems on all roof types and **provide a free quote and inspection report**.

If you require emergency assistance with **roof repairs or leak detection in Sydney**, Mates Rates Plumbing Services is here to provide you with a fast and effective service.

We also can provide programmed maintenance schedules to cover your roof and gutter repairs and maintenance requirements.
