# PLATINUM ORGANICS

“GROWING GREEN WITH GREAT RESULTS”

## Benefits of Pure Organic Farming

- **100% Organic Seabird Guano** will fertilise your crop and condition your soil with essential trace elements.
- **Guano** as an Organic fertiliser, will increase the Nutritional quality and micro-nutrients in your food by approx. 20%.
- **Guano** holds a minimum **17% P2o5** **0-8-0 & 0-11-0** available
- **Guano** has No Odour & its Easy to use
- **Guano** doesn't have the associated problems with the P tie up as it is a pure organic fertiliser.
- **Guano** is crucial for cell structure for a firmer skin and stronger stems.
- **Guano** provides a natural immune system to repel Mould and Fungus attacks. Therefore the usage of pesticides can be reduced, when using an Organic fertiliser
- **Guano** is rich in Organic matter and contains micro-organisms that will replenish your soils and help the fight against soil erosion.
- **Guano** can be used for all domestic and large scale farming. Guano is ideal for all Fruit & Veg, Hydroponics, Sugar Cane, Cotton, Wheat, Rice, Flowers and Cattle feed.
