## We're focused on You

At Chrystal Corporate Protection, we realize that every client has different requirements. Our job is to understand your unique needs so we can formulate a tailored security solution that suitable for you, your business or your family.

Whatever your situation, we'll help you to make the right decisions to achieve your requirements and at a reasonable price.

Chrystal Corporate Protection is a wholly Australian owned business with more than 20 years of experience in the security industry.

We pride ourselves on offering a superior quality of service. Our staff are fully qualified and specially trained for the job at hand. Each and every one of them pride themselves on a high level of professionalism. As a result our staff have become like family and our clients, loyal friends.

## Security at its best

The A1 graded monitoring centre is manned 24 hours a day, 7 days a week. Monitoring is a cost effective solution regardless of whether the service required is for a small residential system or multifunctional, state of the art corporate systems.

We are proud of our fast alarm response times and can be at your location when required within minutes of notification.

Chrystal Corporate Protection provides both casual and permanent security guards at sites including Government Buildings, Blue Chip Companies, Small Businesses, Commercial Estates and Major Industrial Sites including Critical Infrastructure.

Our security guards are highly trained, licensed, professionals giving us the ability to provide you with a more vigilant protection combined with exceptional customer service.

## Call us today!

Our in-house risk assessment experts are licensed consultants individually accredited with a Diploma of Security & Risk Management.

Our staff will work closely with you in order to formulate an individual assessment specifically suited to your requirements

Our Risk Management Plans are a discipline that can:

- . Establish security policies and procedures
- . Assess risks to better understand vulnerabilities
- . Implement the correct protective products and services
- . Measure and enforce compliance
- . Tailor the service to your individual needs

Chrystal Corporate Protection only utilises processes that comply with AS/NZS 4360-2004 - Risk Management.
