

# We Give Borrowers an **Unfair** Advantage

Life was meant for living, not worrying if you have the best value home loan

Our technology regularly compares your mortgage to ensure you always have the best value home loan, so that you can spend your time on things that matter.

## 01 Quick & Easy

Our comprehensive online application platform enables you to input all your details with ease and submit whenever, wherever most convenient for you.

## 02 Knowledge Hub

We provide all the information you need to help you through your application process and beyond. From documents required by lenders to what they look at when assessing a loan, it's all online for you.

## 03 Personalised Options

We use factual information that you provide on application and produce personalised loan options. We have access to over 30 lenders and will provide you with the best value product for your situation.

## 04 At Call Support

Support is available via our chat-bot and you also have the option to request a call back on our website.

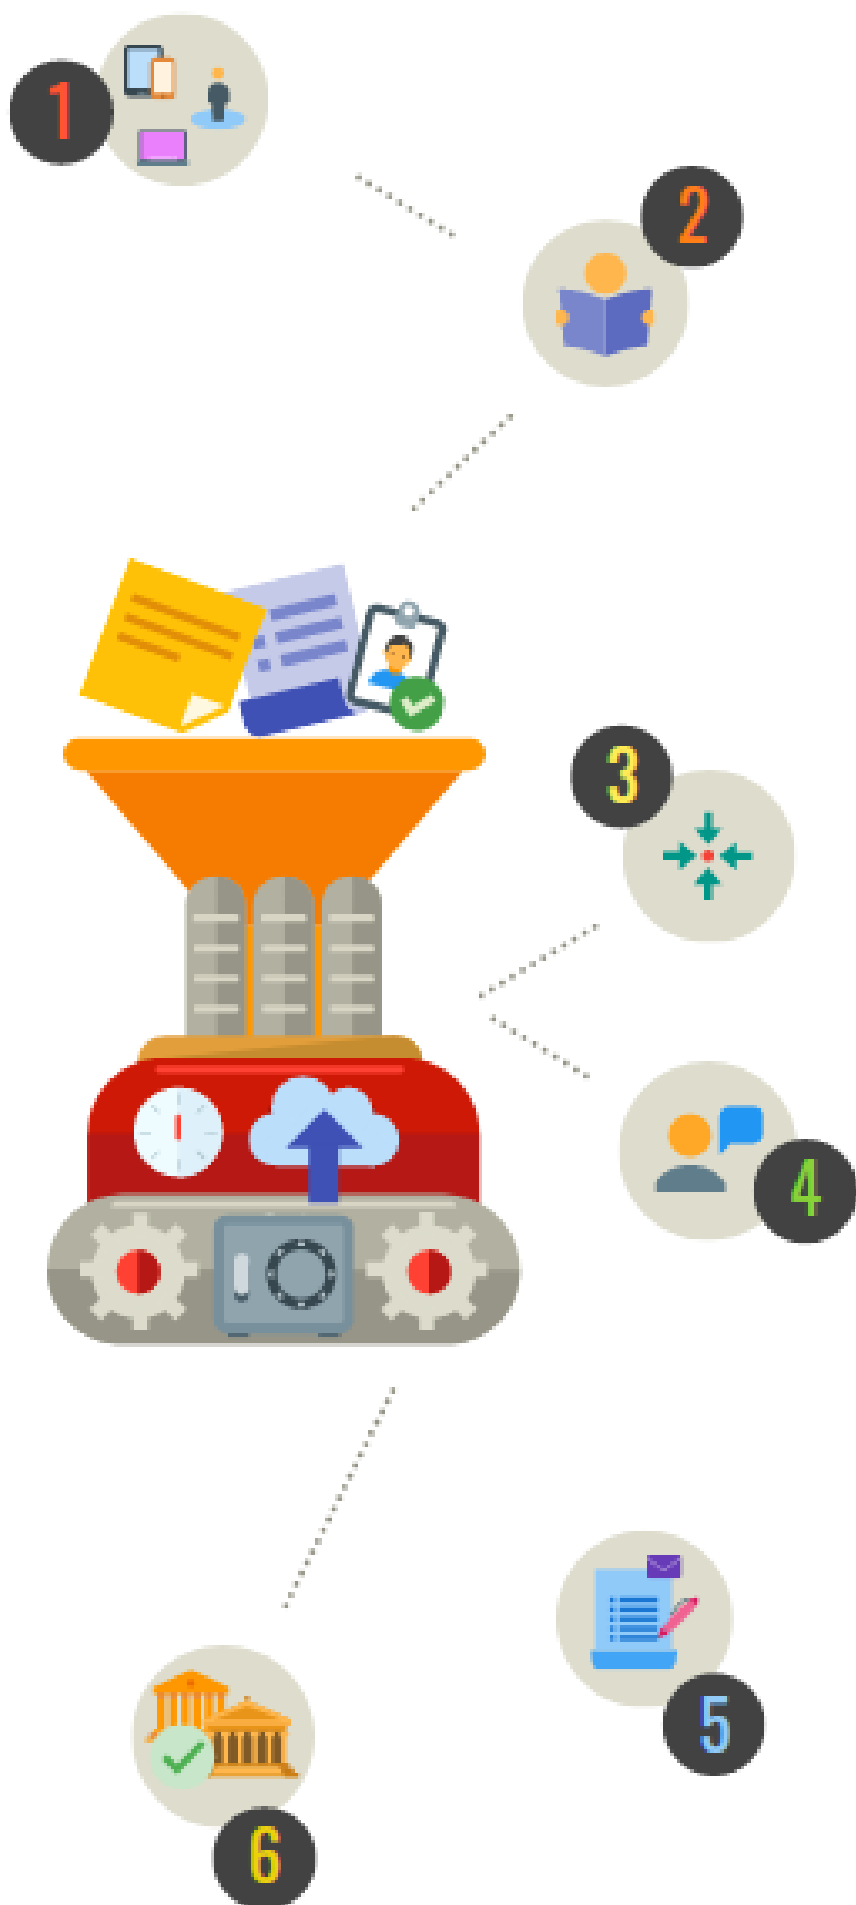

## 05 Minimum Delays

Our platform allows you to submit all supporting documents on application. This ensures a faster loan assessment and prompt issue of loan documents on approval.

## 06 Never Miss Out

After settlement, our technology performs regular reviews of your loan against our panel. Ensuring the borrower is getting the best possible home loan over the life of their mortgage while on our platform.

Start your journey to a better financial future today.
