

[EXPERT](#)[DIFFERENCE](#)[PROCESS](#)[CONTACT](#)

A highly dedicated team with a fresh approach to compensation law.

Compensation claims can get very complicated. That's why you want a lawyer who has industry know-how, understands the finer details and has the savvy to tie everything in together ensuring you get your full entitlements.

[DO I HAVE A CLAIM?](#)[BLOG](#)

For this reason we focus solely on one area of the law – personal injury compensation – giving you access to a wealth of ‘big-firm’ experience, mixed with the personal approach that only a flexible and energetic team can provide.

Maelstrom Lawyers is a full service personal injury law firm offering advice in relation to injuries arising from motor vehicle accidents, workplace accidents, boating accidents, faulty products and everything in between.

Motor Vehicles

If your injuries were caused by, through or in connection with the driving of a vehicle, even if it fled the scene and cannot be found then you have a claim. Whether you were in the vehicle as a driver or passenger or you were out of it as a pedestrian, cyclist or other we have you covered.

Strict time limits apply so make sure you get advice about your rights sooner rather than later.

PROCESS

DIFFERENCE

Workplace

You may be entitled to compensation if you suffer injuries at work or because of work; even if you are injured at a different workplace. The injury must be connected to your employment and your employment must be a significant contributing factor. Your personal injury claim will be either against WorkCover Queensland, or your employer directly if they are self-insured. All employees are covered by no-fault statutory benefits and in some situations you are also covered by fault-based common law entitlements where you can prove negligence.

Strict time limits apply so make sure you get advice about your rights sooner rather than later.

Faulty Products

You may be entitled to compensation for personal injuries suffered as a result of faulty products pursuant to Part VIB of the *Competition and Consumer Act 2010*. These claims can be tricky and its best to speak to a lawyer about your rights.

Strict time limits apply so make sure you get advice about your rights sooner rather than later.

PROCESS

DIFFERENCE

Boating

You may be entitled to compensation if you suffer injuries whilst boating pursuant to the *Transport Operations Marine Safety Act 1994* and the *Transport Operations (Marine Safety) Regulation 1995*.

Strict time limits apply so make sure you get advice about your rights sooner rather than later.

PROCESS

DIFFERENCE

Public Liability + Catch-all

If you are injured away from work and not in a motor vehicle your personal injury claim will be governed by the *Personal Injuries Proceedings Act*. This is broad reaching legislation covering just about every conceivable type of injury from faulty products, to poorly designed intersections, to food poisoning, to slips and falls and so on. If you have suffered an injury and you are not sure if you have rights to compensation seek legal advice.

Strict time limits apply so make sure you get advice about your rights sooner rather than later.

Cutting through to the truth

There are many misunderstood facts when it comes to dealing with the law. Our aim is always to explain things to you in a way that's easy to understand and gets to the heart of the issue. Here are some of the more common questions.

What happens if I have a prior conviction?

I had a pre-existing injuries. Will that effect my claim?

'Winning' has no value.

I think I'm partly to blame.

Nothing on the x-ray

Pricing Structure

We take a very pragmatic view when it comes to our fee structure – why should the client pay for work that doesn't progress their claim? With this in mind we only charge for activities that are actively making a difference to end result you'll achieve. And if we can't deliver you a successful result, we won't charge you for any of the work we've done. Simple really.
