The reason ...

Our format is contemporary, different and outcome focused. Our qualified trainers will facilitate professional development and learning through a combination of techniques...

Proven frameworks such as business coaching principles, leadership and corporate development tools.

Racing yachts under racing conditions in this rigorous, fast-paced environment (under expert guidance) individual decision making, strategic thinking and team dynamics are all put to the test. These factors are integral for achieving success in both yachting and business. It's this unique blend that makes The Lead-a-Ship Company's development program so different, yet so effective.

Interactive learning environment active de-briefing sessions ensure an holistic and continuous approach to improving individual performance and business outcomes.

The 'crew'...

- Leaders who want to increase their productivity, performance and effectiveness
- Managers who want to strengthen leadership skills at all levels
- Organisations who want to engage in a team reward and recognition activity while improving business outcomes
- Competitive individuals who want to challenge and improve themselves

Your gains ...

- Advance your **leadership skills**
- Improve **team dynamics**
- Transferable practical learning opportunities **applied to your work setting**
- Emerge with greater **capabilities, skills and knowledge**
- **Inclusive package** – you receive everything you need to succeed including resources, action plans, training materials, accommodation and catering - all delivered in a unique training environments

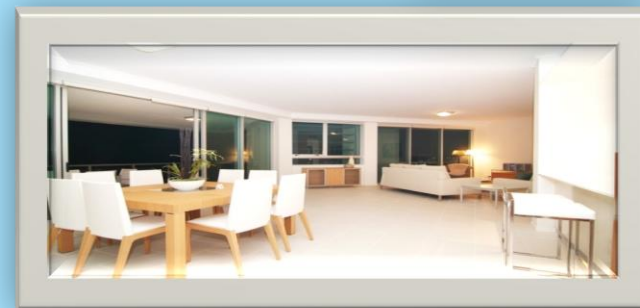

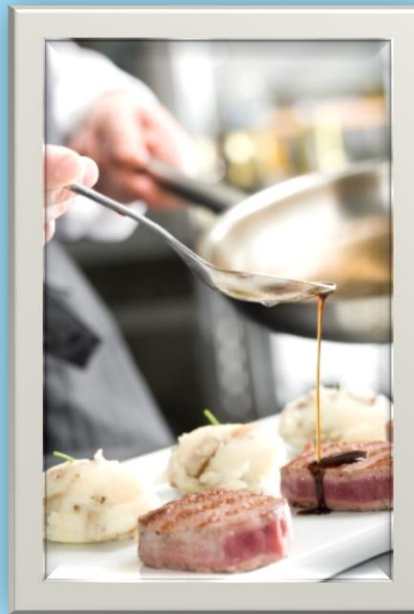

The inclusions ...

This luxurious master class learning program is designed to guarantee exceptional outcomes every time.

You are our special guest.

At this **fully catered, all-inclusive** event, all you need is yourself (and personal attire). We look after the rest!

Your meals will be delicious, the yacht a winner, accommodation first class, the challenges real and the **experience second-to-none**.

*Accommodation Indicative of Airlie Beach

The rest ...

We work with business to **customise quality training programs** to ensure results meet your business objectives. We pride ourselves on giving you **maximum return on investment** along with a **memorable experience**.
