

About Us:

Located right in the heart of Perth's Western suburbs, [Azure Medical](#) provide only the highest level of modern medicine to those who need it. Founder of Azure Medical, and general practitioner himself, Dr Richard Newton started Azure in the hopes of bringing innovative medical technology to Perth. He found that after working across the globe family medicine lacked progression, and so happened the birth of Azure Medical.

With the world changing every second, it is important to look at medicine from an integrated perspective. Azure Medical offer a range of professional services targeting a spectrum of health and lifestyle needs.

Family Care and General Practice

Azure Medical take pride in looking after you and your family's needs. Our GPs value trusted relationships and generally care about your health. We take our professions seriously and are dedicated to providing you and your family with the medical attention you deserve. Our services include:

- Rapid Care – our professionals can easily assess and treat you at our Rapid Care centre.
- GP Management Plans
- Dietician and Nutritional information
- Health Checks
- Skin Checks
- Travel Medicine
- Immunisations
- Incontinence Treatment

Skin Health, Cosmetics and Hair Removal

You can tell a lot from someone's skin. Look and feel great with Azure's range of skin therapies and treatments. Come in today and have a chat to our qualified nurse about what treatment your skin is best suited to. Feel happy, healthy and confident with Azure Medical!

Laser Women's Health

Azure Medical are qualified to undertake innovative laser treatments for women including Stress Incontinence Treatment, Laser Vaginal Rejuvenation and more! Don't let time take its toll and come see our friendly team today!

Some of our other services include areas of Men's Health, DEXA Body Composition Scans, Laser Snoring and Sleep Apnoea Treatment and Fitness and Wellness. You know you are in safe hands with Azure Medical.

The medical world has made huge advancements over the decade, however there is still so much more that can be done. Looking after yourself and your family is the first step towards a healthier and happier world.
