

GREENLIFE

Solar Energy

Welcome to Greenlife. We combine new technology, with old fashioned service.

Hi, my name is Matthew Devitt and I am the founder and owner of Greenlife Solar Energy. I've worked in Solar Energy for many years & have personally sold & designed over 1,000 solar systems in Adelaide.

I will personally come and meet with you face to face, during which time I will:

- ✓ Analyse your power bills and energy consumption patterns
- ✓ Inspect and measure your roof
- ✓ Perform a full shade test (if required)
- ✓ Inspect your meter box and advise of any upgrades that may be required
- ✓ Draw up a full system design and layout including the location of the solar inverter

**With Greenlife, you'll save money
from day one!**

Call me on **1300 365 378**
or visit **greenlifesolar.com.au**
for more information.

**"Matthew and his
dedicated team did
a tremendous job
for me. The level
of professionalism
was outstanding."**
