

About us:

Blair Cunningham, owner of West Coast Coaters brings a diverse and multi-functional skill set to the building industry in Western Australia, he is both a qualified carpenter and a qualified Master painter and decorator. Blair is a third generation painter in the Cunningham family which has instilled in him a value of hard work and good quality workmanship.

West Coast Coaters is fast becoming a household name in the Western Australian building industry. Starting from humble beginnings the business is growing everyday due to the respect from the West Australian community. Every house, building, tilt panel, car park or restoration is meticulously planned out and prepared before any work is undertaken.

With West Coast Coaters you can be assured that Blair's name is attached to every job that he does and will treat your job as if it were his own. From the paint that he chooses, to the personnel that he hires, everything is carried out to a 100% satisfaction. All work comes with an 18-month guarantee in addition to the painters manufacturing warranty.

Not only does West Coast Coaters come fully insured with public liability, they have also obtained the nationally recognized high risk work license to operate 'Boom Lifts' (EPWs).
