Wentworth

The sleek & stylish Wentworth mobility scooter combines outstanding performance with a streamline design and comes with full independent suspension to guarantee you a smooth and comfortable ride over any terrain.

The fully adjustable tiller includes the premium Curtis electronics control panel, which is easily and safely operated.

Also comes with a high-back leather seat which fully reclines and rotates 360 degrees, giving you the flexibility to choose your most comfortable riding experience.

All Wisking Healthcare mobility scooters comply with Australian standards and come with a full 12-month manufacturer's warranty.
