Frequently asked questions:

How much does it cost?

Weekly arrangements start at \$80 + GST for an arrangement of fresh flowers and leaves professionally styled to suit your corporate environment

Can I choose the flowers?

We aim to deliver a different arrangement every week with fresh flowers in season. If you have any specific wishes or requirements, we will incorporate them

Are your flowers fresh?

Our corporate arrangements get the best pick from the freshest flowers carefully selected at the markets on Monday mornings. Our special relationship with growers ensures only the best make it to Garlands

Are the arrangements maintenance free?

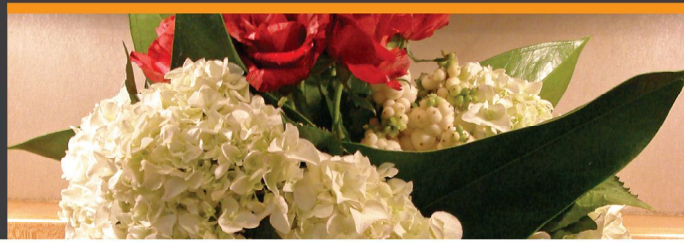

Our arrangements are designed to last for seven days. In the hotter months, it may be necessary to top up the water in the vase once

Do you arrange flowers on site?

No. We aim to minimize any disturbance to your work environment and our arrangements come fully assembled. Only very large arrangements may need some assembly on site

When do you deliver your flowers?

We deliver our corporate flowers on Monday mornings, or the next day if it is a public holiday
