Hicaps is an electronic health claiming and payment system that let you process you claim before you leave the surgery.

With Hicaps you no longer have to make a separate trip to the health fund branch to lodge you claim. Your claim is finalised at the surgery on the spot.

Once the claim is authorised by the health fund you simply pay the balance amount - the difference between the full fee for treatment and the amount claimed from your health fund.

**All you need is your health fund membership card!**
