**Try this MAGIC BOARD and you will love it!!!**

LED WRITING BOARD is the latest commercial device for companies to

promote their business in various ways. It is best to promote your company or commercial

items in its name recognition phase in the competitive market without spending huge budget in conventional promotion. With customized contents in drawing and writing, which can be

erased easily and be replaced by more updated contents flexibly. Let it be your more

cost effective way to promote business or services to potential customers.

– Brilliant, color-changing hand written message board

– Eye-catching menu with a glowing "neon" appearance

– Simple button control with 7 color lights, various flashing modes, for multicolor combinations or stay in any one color

– Flash speeds are adjustable

– Easy to write on, heavy-duty, durable PMMA surface

– Super thin and lightweight frame board making it easy to move

– Extremely low power consumption

– Eco-friendly, cleanable
