

Red Spirit Energy Healing

WHAT MAKES US DIFFERENT **is** HOW WE CAN HELP YOU

At Red Spirit Energy Healing our intent is to reach the root cause of a particular issue and clear it on all levels, lifetimes and bodies. That means looking at your current existence back to conception and beyond if necessary. It means clearing hereditary genetic patterns if needed. It means cutting cords & attachments to relationships that hinder you and releasing emotional pain. It means directing energy to specific areas of the body to dissolve blockages. When necessary, it means releasing inter-dimensional interferences that are affecting your life. Our intent is to bring you back into spiritual alignment within three sessions. It's all about creating balance, allowing you to flow as an energy being, so that YOU may create harmony in your life.
