

[Assure Cosmetic Centre](#) are the cosmetic specialists in Perth, Western Australia. Specialising in the latest non-surgical and surgical cosmetic solutions, we understand your body and the need to enhance your features. Changing something about your face or body can be life changing and empowering. Which is why it's important to choose the right expert medical team to assist you with all of your cosmetic needs.

At Assure Cosmetic Centre, we operate and consult in a state-of-the-art facility with the latest technology and with highly experienced, world-class specialist plastic surgeons and registered cosmetic nurses. Ensuring that you'll be in great hands each step of the way toward enhancing your beauty. We also offer dermal therapy treatments, with two leading dermal therapists who can assist clients with sun damaged skin and premature ageing as well as acne solutions and non-surgical cosmetic treatments.

### Our History

Opening in 2009 as Assure Medispa, originally one of WA's first medispa operated and owned by a team of plastic surgeon specialists. In 2012, we then launched the very first cosmetic breast clinic in the state, Assure Breast Centre. 2014 saw both clinics merge into one to become [Assure Cosmetic Centre](#). All of our non-surgical treatments are conducted in our Assure Clinic, located at St John of God Hospital in Subiaco. All of our surgical

procedures are programmed typically after two consultations with one of our leading plastic surgeons and are performed in one of Perth's foremost private hospitals.

### Why choose us?

Our six plastic surgeons are all members of the Australian Society of Plastic Surgeons, offering the highest level of care and skill for all patients with combined global experience of 65 years. We also provide a [free](#) cosmetic consultation with one of our registered and highly qualified nurses, allowing you to discuss the options available and to ask any questions you may have. We offer;

- [Non-surgical treatments](#)
- [Surgical treatments](#)
