

# COMPANY PROFILE

**TECALEMIT** has been a name synonymous with lubrication equipment since the 1920's, and commenced manufacturing operations in Australia in the early 1940's.

Tecalemit vehicle hoists & lubrication systems can be observed in many leading light and heavy vehicle workshops Australia wide.

At Tecalemit, we understand the importance of reliability and safety and built our reputation around by only providing quality products, we can also assist with the design and lubrication equipment specification to provide a state of the art workshop development.

Famous for products like grease guns and grease nipples, Tecalemit's range of lubrication products extends much further into sophisticated centralised lubrication systems for fixed and mobile plant in mining, steel plants, power generation, processing plants, and other primary industries, in fact any industry that relies on effective lubrication as a mission critical maintenance process.

***Whatever your workshop & lubrication equipment needs, we can provide equipment based solutions that safely deliver reliability, durability and improved productivity, making your job easier.***

## **VEHICLE HOISTS**

Tecalemit are a leading Australian supplier of vehicle hoists renowned for their safety, strength and reliability to automotive workshops. With our range starting at our 3.5 tonne low profile scissor lift, our new 4 tonne screw hoist & new 6 tonne 4 post hoist for commercial vehicles compliments our current range of heavy duty 4 tonne 2 & 4 post hoists. We have a product that will suit all your needs.

## **HOSE REELS**

The Tecalemit & RAASM range of hose reels provides options for all applications. Whether it is an open style reel for oil, air, water or grease, stainless reels for heavy duty applications or the aesthetics of the RAASM enclosed reel.

*We can offer a solution for all situations.*

## **OIL & GREASE PUMPS**

The RAASM range of air operated oil and grease pumps offer heavy and standard duty pumping solutions for fully reticulated oil dispensing systems and drums. Options available include extendable and stub versions for tanks, wall mounting kits, and fixed or mobile drum kits for any workshop situation

## **EQUIPMENT INSTALLATION**

Tecalemit can assist in the design and project management of your workshop, our experienced staff and installation contractors, we only use quality components and recommend Europress stainless steel pipe & fittings.

### **WASTE OIL HANDLING**

The Tecalemit 'wine-glass' oil drainers have stood the test of time, but are now augmented with the latest in waste oil handling equipment from RAASM - Italy's largest manufacturer of specialist lubrication and waste oil handling equipment. A variety of mobile waste oil drainers and evacuators for under hoist, on ground and pit applications, make handling waste oil safe easy and clean.

### **FABRICATION**

Tecalemit have the capabilities to design and fabricate work benches, hose reel gantries & oil tanks to suit all your requirements, from 1000lt pod bunding to large multi compartment tanks, we can supply a solution to suit. All tanks are tested and manufactured to Australian Standards.

### **PLATE TRONIC**

Plate Tronic - Manufacturer of Brake, Steering and Suspension Test Machines for Light to Heavy Vehicles

The full range of Plate Tronic equipment is available through Tecalemit

## HAND PUMPS

Tecalemit have a large range of hand pumps from 20lt drums gear oil pumps to high flow pumps for diesel

## GREASE GUNS

Did you know that nearly every grease gun sold in Australia was made in a low cost country?

This is not the case with Tecalemit grease guns. For over 70 years Tecalemit grease guns in their factory in South Australia.

The Tecalemit TEC450 lever grease gun is famous in its design featuring a solid forged brass head, it is capable of delivering up to 10,000 psi of pressure.

The TEC450M Magnum grease gun offers single hand operation, flexible connection hose and delivers up to 7500 psi of pressure.

Choose the grease guns the professionals use – Tecalemit Australian Made Grease Guns

## WASTE MANAGEMENT

Waste management in your workshop is an environmental compliance, Tecalemit provide waste oil spill kits and bunding accessories to manage new & waste oil products.

## AIR COMPRESSORS

Tecalemit are a distributor for Glencoe compressors, Glencoe provide a large range of industrial piston and rotary screw compressors to handle the largest of workshops.

## TECWASH60

The TECWASH60 Biological Parts Washer is a highly efficient, environmentally friendly, economical and practical alternative to traditional solvent-based method of cleaning parts.

## TEC BIOBIN

The TEC BIOBIN is the modern solution for managing hydrocarbon spills in the workplace. BIOBIN stores, distributes, recovers and recycles the absorbent.

## WORKSHOP EQUIPMENT

Compac are the Jack Specialists. With a fully welded chassis in DIN certified steel, and Compac's 3 year warranty, these jacks are built to last the rigorous workshop of a busy workshop. The full range of Compac, GoJak, Scangrip & Powerhand products are available from Tecalemit.

## **TECHNICAL & SALES SUPPORT**

With our Head Office Manufacturing facility in Adelaide, we provide the full range of spare parts and technical support to our team of State Sales Managers & installation contractors.
